REPORT OF THE SELECTMEN.

The Selectmen of the town of Weymouth submit herewith their annual report together with a statement in detail of the expenditures under the several appropriations for the year ending December 31, 1901.

HIGHWAYS.

The town at its last annual meeting, instructed its Selectmen to employ a Superintendent of streets holding no other town office at a salary of \$1,000.

In compliance with this vote George F. Maynard was appointed to this position, and the highway work was placed in his charge on April first.

His report of the work done under his supervision appears on page 162.

The town in making the appropriation for highway repairs, the removal of snow and for the maintenance of the Hingham and Quincy Bridges, did not follow its usual custom of making a division of the appropriation.

We have carried to the credit of the bridge account an amount sufficient to cover the assessments which have been made on the town for the maintenance of the bridges, and as will be seen in the detailed statement of expenditures, carried the other two accounts together under the balance of the appropriation.

There has been nothing in the working of highway repairs which seems to call for special comment.

The snow bills have continued to be light, and the balance of \$2,709.47 should under any ordinary circumstances be sufficient for the remainder of the financial year.

HIGHWAY SPECIAL APPROPRIATIONS.

Cliff and Centre Streets for which \$200 each was appropriated, have been completed within those amounts.

There now remain no streets which have been accepted by the town, which have not been worked, except a portion of King Avenue, and Norton Street, the layout of which has lapsed, no entry for construction having been made within the two years required by law.

QUINCY BRIDGE.

The County Commissioners have prepared plans for the construction of the new bridge over Fore River, and the same have been approved by the Harbor and Land Commissioners. It is now probable that the work will commence in the coming spring.

It is unlikely that any assessment will be made upon the town, which will need to be considered before the annual meeting of 1903.

FIRE DEPARTMENT.

This department has been unable to complete the year within the appropriation, it having become necessary to procure new hose to the amount of \$1,000.00.

The expenditures have exceeded the appropriations by \$462.13.

BOARD OF HEALTH.

Weymouth has for many years been remarkably fortunate in the smallness of the amount needed to be expended in the interest of the public health, and the small amounts thus required have been carried hitherto in the miscellaneous account.

As the amounts for the past year have reached into the hundreds, it has seemed to us wise to show this account by itself, and we report it under "no appropriations."

Of the \$425.80 so reported, \$313.42 have been paid for free vaccinations.

When it became apparent late in the fall that smallpox was prevailing extensively in Boston, and scattering cases were reported in several of the neighboring towns, the board invited the physicians of the town to meet them for the purpose of consulting upon measures which might be taken for the prevention of the spread of the disease in our town. This meeting was held on December third, and as one result, thereof free vaccination was offered to all who would avail themselves of the same. It was also practically agreed at this meeting,—the physicians unanimously favoring the plan, that should occasion require the establishment of a smallpox hospital, the Town-house should be used for that purpose. It became apparent also that the physicians of the town were unwilling to treat the disease and outside medical aid will need to be called in for attendance upon any case which may occur.

Under the offer of free vaccination five hundred and forty-nine have been vaccinated or re-vaccinated. We earnestly urge upon all who have not taken this precaution against one of the most dreaded diseases which afflict humanity, to do so at once.

POLICE.

For the purpose of maintaining its police protection, the town at the last annual meeting appropriated \$1,000.00 less than for the preceding year. This action was taken in some quarters to mean that Weymouth was to be an open town, and preparations were soon in progress to make it so. We decided therefore to commence the year with the same police force as heretofore, which proved an effectual damper upon the open town movement.

As the income from fines has exceeded that of some years past, we have been enabled to maintain the same force through the year, and show an unexpended balance of \$951.51, sufficient for the remainder of the year.

ELECTRIC LIGHTS.

By the action of the town, the street lighting was placed in the hands of a special committee, whose report appears on page 158.

As no appropriation was made until the special meeting in April, when the committee was appointed, and the appropriation of the preceding year being exhausted, the company was notified on March 18th that we ceased to be responsible for any bills for lighting after that date.

A bill was paid for this part of March, of \$331.45, and the balance shown by the Light Committee's report and that shown by ours, differs by that amount less \$2.66, balance March 1. The committee claim that the whole appropriation of \$5,500 was placed at their disposal while we have charged all bills paid for lights to the appropriation.

BILLS PAYABLE.

There has been paid from money raised by taxation one note of \$10,000 and provision is made in the same manner for the payment of one of \$5,000 which becomes due January 15, 1902.

The amount of notes and bonds outstanding against the town, not including four notes for \$40,000 given for money borrowed in anticipation of taxes, is \$130,000.

No note becomes due for the ensuing year, except that above mentioned, for which provision is made.

TOWN OFFICES.

In accordance with the vote of the town, we have leased for use as offices, the second floor of the East Weymouth Savings Bank Building at an annual rental of \$600.00 payable semi-annually, the lease to take effect January 1, 1902

GUIDE BOARDS.

The guide boards required by law to be maintained, are in fair condition: as usual, some are dilapidated and will need renewal the coming year.

METROPOLITAN PARKS.

The apportionment upon our town under the acts establishing the Metropolitan Park system will probably have to be considered in the assessment of 1902. By the report of the Metropolitan Park Commissioners for the year 1901, the amount which Weymouth will be called upon to pay for 1900 is \$2539.61. The amount for the year 1901 can hardly be less and may be larger. Both of these assessments, and possibly that of 1902 also, may be collected by the state the coming year.

The remark has frequently been made of late years that the figures of the Selectmen's and Overseers of the Poor's accounts do not correspond with those reported by the Treasurer as orders cashed. It must be borne in mind that the Treasurer's accounts close on Dec. 31, while the books of the board are kept open for two weeks after the beginning of the new year, during which time many orders are drawn, which of course do not appear in the Treasurer's amount paid on orders until the following year.

The following figures are published to show that when carried out, the accounts agree.

| | |
|---|--------------|
| Total amount of orders drawn, including Overseers of the Poor | \$308,153 51 |
| Amount of orders not cashed Dec. 31 | 10,009 84 |
| Amount of 1901 orders cashed | \$298,143 67 |
| Amount of 1900 orders cashed | 7,816 00 |
| | <hr/> |
| | \$305,959 67 |
| Amount of orders cashed as reported by Treasurer | \$305,959 67 |

THE REIS CASE.

Upon the arrest of George J. Reis, for alleged irregularities in his accounts with the town, we employed Hon. George L. Wentworth, who was then acting in the matter for the Water Commissioners, to represent the interests of

the town at hearings of the case in the East Norfolk District Court.

Subsequently a special town meeting was called, at which the auditors submitted a report which had previously been laid before the Selectmen, stating, in substance, that they had examined the accounts of Mr. Reis, so far as they had been able to do so in the limited time, and found evidence of a systematic raising of the pay rolls of the water department since 1899, and probably a deficiency in the money collected by Mr. Reis as water rates.

The hearings in the court at Quincy resulted in Mr. Reis being bound over to wait action of the grand jury; by which he was indicted at the December sitting. To this indictment he pleaded guilty and was sentenced to the state prison for a term of not less than for four years nor more than seven years.

SUITS AT LAW.

The actions of Henry Gardner *vs.* Weymouth, M. C. Dizer *et als vs.* Weymouth, Willie J. Loring and of Jennie I. Loring *vs.* Weymouth, referred to in our report of 1900, have not come to trial during the year and are still pending.

On Dec. 24, 1900, Mr. Charles M. Bryant of Quincy filed a petition in the Superior Court for this county, for an assessment of damages to land owned by him, abutting on Washington Street, near Whitman's Pond, in consequence of a changing of the grade of that street, but the case has not yet been heard.

By writs dated Sept. 19, 1901, two suits were brought against the town by Mary Alice DeLory of Rockland, as administratrix of the estate of Linda Agnes DeLory, late of Rockland. Both are actions of tort in the sum of \$5000. One is brought to the use of herself as administratrix, and the other to the use of herself and Joseph U. DeLory, as they are next of kin of said deceased. Both are for the same cause of action.

The declarations allege that said deceased, while traveling upon Union Street, on the nineteenth day of September, 1900, sustained injuries from which she subsequently died, by reason of an alleged defect in said street. The actions have not yet been reached for trial.

GEORGE L. NEWTON,
BRADFORD HAWES,
NELSON W. GARDNER,
JOHN F. DWYER,
GEORGE C. TORREY,
Selectmen of Weymouth.

AUDITORS' REPORT.

The Public Statutes of Mass. (Chap. 25, Sec. 79, Revised Edition 1902) relating to powers and duties of town auditors is as follows:—

The auditors of a town shall examine the books and accounts of all its officers and committees who are intrusted with the receipt, custody or expenditure of money and all original bills and vouchers, on which money has been or may be paid from its treasury.

They shall have free access to such books, accounts, bills and vouchers as often as once a month for the purpose of examination, and shall examine the same at least once in each year, and annually report in writing the result of their examination.

Complying with the above the auditors of the Town of Weymouth for the year 1901 report that they have examined the books and accounts of the

Treasurer of Town of Weymouth.

Treasurer Water Commissioners.

Treasurer Water Sinking Fund Commissioners.

Treasurer High School B'd'g Sinking Fund Commissioners.

Treasurer Beals Park Fund.

and find proper vouchers filed for all payments made as certified.

SELECTMEN AND OVERSEERS OF POOR.

We have the pleasure of reporting the first examination, to our knowledge, of the books and accounts of the present Clerk of the Board of Selectmen and Overseers of Poor and would say that we find them neatly and accurately kept.

In balancing his books with those of the Town Treasurer we not only checked all warrants paid by the Treasurer with his cash book, but also checked all paid warrants with the

stubs of the order books kept by the clerk, and as the following summary shows, the accounts balance for the year ending Dec. 31, 1901.

| | | |
|--------------------------------------|-----------|-------|
| Jan. 1, 1901. Balance of 1900 un- | | |
| paid orders | \$7,816 | 00 |
| Amount of orders drawn for the | | |
| year ending Dec. 31, 1901 . | 308,153 | 51 |
| Amount of orders paid by J. H. Stet- | | |
| son, Treas., for year ending | | |
| Dec. 31, 1901 | \$305,959 | 67 |
| Jan. 1, 1902, Balance of 1901 unpaid | | |
| orders | 10,009 | 84 |
| | <hr/> | <hr/> |
| | \$315,969 | 51 |
| | \$315,969 | 51 |

SUPERINTENDENT OF WATER WORKS.

In our examination of the accounts of the acting superintendent we find duplicate bills properly filed for all expenditures made by him, and that the original Pay Rolls show each persons' receipt or mark for all amounts received by them.

A new Water Register as planned by us for keeping the accounts of the Water Rents was inaugurated with the October charges which we believe will prove a great improvement over the old system.

CLERK OF WATER COMMISSIONERS.

We were unable, in the limited time we have had, to examine the books and accounts of the Clerk of Water Commissioners which are a duplicate (as he informed us) of the Treasurer's books.

TREASURER OF TUFTS LIBRARY.

We have examined the books and accounts of the Treasurer of Tufts Library and find proper vouchers for all payments.

TAX COLLECTOR.

In our examination of the Tax Collector's books we find that there are no unpaid taxes prior to the Levy of 1899. Owing to the amount of detail work found necessary we have been unable to balance them with the Town Treasurer's books as the following summary shows : —

STATEMENT OF TAX COLLECTORS' BOOKS.

| | | |
|--|--|--------------------|
| x Levy of 1901 as per Assessors' commitment was | | \$142,791 74 |
| Interest collected to Jan. 1st, 1902 | | 54 82 |
| | | <hr/> \$142 846 56 |
| Total Collections and Abatements to Jan. 1, 1902 | | 101,350 90 |
| | | <hr/> |
| \$41,495 66 | Balance due Jan. 1, 1902 | \$41,495 66 |
| | | <hr/> <hr/> |
| Note. Tax Collectors' Books show Total Levy of | | \$142,792 01 |
| Treasurer's Books show a Balance Unpaid | | 41,495 54 |
| Tax Levy of 1900 as per Assessors' commitment | | \$145,997 18 |
| Interest collected to Jan. 1, 1902 | | 894 64 |
| | | <hr/> \$146,891 82 |
| Total Collections and Abatements to Jan. 1, 1902 | | 132,546 51 |
| | | <hr/> |
| \$14,345 31 | Balance due Jan. 1, 1902 | \$14,345 31 |
| | | <hr/> <hr/> |
| Being outstanding account | | \$14,324 06 |
| Balance of Interest due from Collector | | 21 25 |
| | | <hr/> |
| | | \$14,345 31 |
| | | <hr/> |
| Note. Tax Collector's Books show a Total Levy of | | \$146,015 68 |
| Treasurer's Books show a Balance Unpaid | | 14,324 06 |
| Tax Levy of 1899 as per Assessors' commitment | | \$143,517 95 |
| Interest Collected to Jan. 1, 1902 | | 2,068 71 |
| | | <hr/> \$145,586 66 |
| \$173 04 | Total Collections and Abatements to Jan. 1, 1902 | 145,413 62 |
| | | <hr/> |
| Balance due Jan. 1, 1902 | | \$173 04 |
| | | <hr/> <hr/> |
| Being outstanding account | | \$140 05 |
| Interest due from Collector | | 32 99 |
| | | <hr/> |
| | | \$173 04 |
| | | <hr/> |
| Note. Tax Collectors' Books show a Total Levy of | | \$143,516 43 |
| Treasurer's Books show a Balance Unpaid | | 136 05 |
| There are no Unpaid Taxes prior to the Levy of 1899. | | |
| \$56,014 01 | Total Amount due Jan. 1, 1902 account of Taxes. | |
| | | <hr/> <hr/> |

TOWN DEBT.

| | |
|---|----------------------------|
| The Total Debt Jan. 1, 1901 was | \$157,500 00 |
| Borrowed during the year : | |
| In anticipation of Taxes. | \$130,000 00 |
| For North Weymouth Schoolhouse 25,000 00 | 155,000 00 |
| | <hr/> |
| | \$312,500 00 |
| The Payments were the amounts : | |
| Borrowed in anticipation of Taxes \$130,000 00 | |
| Public Library Building Note . . 10,000 00 | \$140,000 00 |
| | <hr/> |
| Total Debt Jan. 1, 1902 | \$172,500 00 |
| Less High School Building Sinking Fund . . | 18,881 98 |
| | <hr/> |
| Net Debt , not including Water Bonds | <u><u>\$153,618 02</u></u> |

LIMIT OF INDEBTEDNESS.

The following statement shows amount the Town of Weymouth can borrow in addition to its present debt under existing statutes governing municipal indebtedness :—

| | |
|---|---------------------------|
| Valuation for assessment of taxes, 1901 | \$6,802,773 00 |
| | <hr/> |
| Gross Debt (Pub. Stat., chap. 27, sec. 4) 3% | \$204,083 19 |
| Present Debt | \$153,618 02 |
| Less Notes given in anticipation of Taxes 40,000 00 | |
| | <hr/> |
| Net Debt for this calculation | 113,618 02 |
| | <hr/> |
| Available Margin between the present debt and the 3% statutory limit | <u><u>\$90,465 17</u></u> |

ASSETS AND LIABILITIES TO JAN. 1, 1902.

ASSETS.

| | |
|---|--------------|
| Real Estate. School Houses, Public Library and other public buildings and grounds . . . | \$266,600 00 |
| Water Works | 483,949 70 |
| Personal Property. Fire apparatus and equipments of all town departments, etc. . . | 33,523 77 |
| Trust Funds | 3,550 82 |
| Sinking Funds. Water Works | 151,002 79 |
| High School Building | 18,881 98 |
| Uncollected Dues. Taxes | 56,014 01 |
| Water Rents, etc. | 8,459 48 |
| Sundry Assets, for Treasurer's Schedule . . | 14,453 65 |
| Cash in Treasury. Town | 22,687 33 |
| Water Dept. | 676 72 |

LIABILITIES.

| | |
|--|----------------|
| Water Bonds | \$457,000 00 |
| Notes Payable | 170,000 00 |
| Sundry Liabilities for Treasurer's Schedule | 55,247 25 |
| Trust Funds. Beal's Park Fund \$1,050 82 | |
| Susan Hunt Stetson Fund | 2,500 00 |
| | <hr/> |
| | 3,550 82 |
| Net Assets | 374,002 18 |
| | <hr/> |
| | \$1,059,800 25 |
| | <hr/> |
| | \$1,059,800 25 |

We would recommend that the Table of Valuation, Rate of Taxation, Expenditures and Debt of the Town as appended be made a part of the regular report each year, as it shows a comprehensive summary of the town's finances; also a table showing the valuation of all town property.

In our examination of the securities of the Sinking Fund of the Water Department, we found Water Bonds of the Town of Weymouth amounting to \$81,000.00, which although properly executed had never been marked or stamped *not negotiable* as required by law.

Chap. 27, Sec. 15-23, Revised Laws of Mass. 1902 reads as follows:—

“When securities for the redemption of which a Sinking Fund has been established, become a part of said Sinking Fund, the commissioners shall cause a notice to be stamped or written on the face thereof, that they are a part of such sinking fund and are not negotiable; and all coupons thereof as they are paid shall be cancelled.”

The importance of this law is very clear to us, and we have requested the Sinking Fund Commissioners to stamp or have written on the face of these Bonds that they are a part of the Sinking Fund established for their redemption and are not negotiable.

We wish to call special attention to a change in the methods of keeping the town accounts. There is need of a complete *system* of book-keeping by double entry, showing the financial transactions in detail in all departments of the town, and we recommend that some action be taken at the next annual meeting relating to the same.

This matter of a thorough system of book-keeping was recommended in a report of a special committee to investigate the town accounts in 1883, and we quote from and endorse the following recommendations:

First, That a rigid and thorough system of book-keeping by double entry be adopted.

Second, That the Selectmen be authorized to employ a practical book-keeper whose duty it shall be, under their direction, to keep the accounts of the town and to make up the annual schedules.

Respectfully submitted,

WALTER L. BATES,
JOSEPH W. VINAL,
RUSSELL B. WORSTER, } *Auditors.*

JANUARY 1st, 1902.

TABLE OF VALUATION, RATE OF TAXATION EXPENDITURES,
AND DEBT OF THE TOWN OF WEYMOUTH

 NELSON W. GARDNER,
 JOHN F. DWYER,
 GEORGE C. TORREY,

Selectmen of Weymouth.

ASSESSORS' REPORT.

The undersigned Assessors of the Town of Weymouth, herewith present a statement of their work for the year ending December 31, 1901.

We have assessed upon the polls and estates of all persons and corporations liable to taxation in the Town the sum of \$142,791.74, and have committed the same to Willard J. Dunbar, Esq., the duly elected Collector of Taxes, with a Warrant in due form of law for collection, and payment in accordance with the vote of the town, viz:—

| | | | | | | | |
|---------------------------|---|---|---|---|---|---|--------------|
| Town grant | . | . | . | . | . | . | \$127,350 00 |
| State tax | . | . | . | . | . | . | 4,077 50 |
| County tax | . | . | . | . | . | . | 4,977 64 |
| Non-resident bank tax | . | . | . | . | . | . | 2,257 23 |
| Street railway tax | . | . | . | . | . | . | 2,443 85 |
| State highway tax | . | . | . | . | . | . | 100 00 |
| Overlayings | . | . | . | . | . | . | 1,415 43 |
| Supplementary committment | . | . | . | . | . | . | 170 09 |
| | | | | | | | \$142,791 74 |

| Number of fowl | 4046 |

OVERSEERS OF THE POOR.

The Overseers of the Poor submit herewith their annual report for the year ending December 31, 1901, together with the Auditors appraisal of property at the Almshouse made January 1, 1902.

ALMSHOUSE.

William T. Brown and wife were engaged to continue their services as Superintendent and Matron of the house for the year ending April 1, 1902, at a salary of twelve hundred dollars, they to furnish all the hired help needed for the ordinary running of the establishment, and have filled the duties of the positions with fidelity, and their efficient services have given satisfaction to the board.

The house has at all times been found scrupulously neat and orderly, and the inmates well provided and cared for in sickness and in health.

With a larger average number of inmates than for the preceding year, the cost has not only not increased, but has been materially reduced.

As will be noticed from the detailed statement of receipts, the principal source of revenue from the farm has continued to be from the sale of milk, and the number of cows kept has been increased, the herd now numbering twenty-one.

The number of inmates who have been cared for, for the whole or portions of the year, not including boarders, has been thirty-seven, of whom twenty-four continue at the close of the year.

There have been but two deaths at the house, as follows :—

Dennis Murphy, age 61, whose settlement was in Easton, who died January 8, 1901.

* John Clark, age 42, who had no settlement in the state, and who died March 4, 1901.

The sickness of this man, though not long, was quite expensive, but the cost will be recovered from the state, as a credit to the house for the current year.

TRAMPS.

The number of tramps who call for food and lodging has continued steadily to diminish, only three hundred and fifteen having applied during the year.

HOSPITALS.

In the number of inmates of hospitals and asylums whose maintenance is met by the town, but little change is shown in the expenditure of the past, as compared with the preceding year, the cost being slightly smaller.

In the report of last year it was stated that one hospital inmate, for whom the town had paid for many years, was acknowledged as a state charge, and that it was expected to recover to the town the money which had been expended on his account. This expectation was fulfilled. A claim was prepared, and presented at the last Legislature by Representative Willis, and by a special act \$2,959 was appropriated, which has been received by the Treasurer of the town.

POOR OUT OF HOUSE.

This class of the towns poor has continued to increase both in number and in the cost of maintenance, and we see no likelihood in the immediate future, of any less amount being adequate for the demands made upon this appropriation. The same is true of the poor within our town who have no settlement here.

TOWN PHYSICIANS.

The following physicians were employed for attendance upon the poor of the town;—For Ward 1 and the Alms-house, W. A. Drake; for Ward 2, J. C. Fraser; for Ward 3, F. P. Virgin; for Ward 4, K. H. Granger; for Ward 5, E. N. Mayberry.

| | <hr/> |
| | \$677 00 |
| Stolen property recovered to the value of | \$480 00 |
| Fines imposed and paid in Superior Court | 50 00 |

Respectfully submitted,

THOMAS FITZGERALD,
PATRICK BUTLER,

Police Inspectors.

REPORT OF THE ENGINEERS OF THE FIRE DEPARTMENT.

To the Honorable Board of Selectmen:—

GENTLEMEN:— According to custom I have the honor to submit to you my third annual report of the Fire Department for the year ending December 31st, 1901. At the organization of the Board, May 1st, Edward Fahey was elected Chief and W. O. Collyer, Clerk; the other members consisting of J. R. Walsh, W. H. Hocking and D. W. Hart, he having been appointed in place of our old companion and ex-Chief, Otis Cushing. The engineers have labored zealously for the interest of the department, and although some changes in its membership have been made, still the good feeling between the companies in different parts of the town which has existed in the past still continues, all the members manifesting pride in the work of the department, and showing courtesy and respect for their superior officers.

The department consists of 168 men, besides the engineers, as follows:—

| | | | |
|--------|-----------|--------------------------|--------|
| Ward 1 | Hose 1 | Capt. Fred W. Litchfield | 15 men |
| " 1 | H. & L. 1 | " Chas W. Dyer | " " |
| " 1 | Hose 7 | " H. A. Nash, Jr. | 10 " |
| " 2 | " 2 | " G. M. Pratt | 15 " |
| " 2 | H. & L. 2 | " E. W. Sprague | 15 " |
| " 2 | Steamer 2 | | 4 " |
| " 3 | Hose 3 | " J. S. Bacon | 15 " |
| " 3 | H. & L. 3 | " J. F. Dwyer | 15 " |
| | Steamer 1 | | 4 " |
| " 4 | Hose 4 | " J. A. Haris | 15 " |
| " 4 | " 6 | " A. P. Poole | 10 " |
| " 5 | " 5 | " E. Ford | 15 " |
| " 5 | H. & L. 5 | " E. S. Wright | 15 " |
| " 5 | Chemical | | 5 " |

PAY OF FIREMEN.

At the request of the Weymouth Fire Relief Association we would recommend that in addition to their regular salary of ten dollars the firemen be paid thirty cents an hour for actual services at fires.

By vote of the town \$500 was expended for hose, 1,000 feet being purchased and divided among the different wards in town but at the burning of the Acid House at A. A. & C. works, Ward 1, had 350 feet of hose destroyed by the acid, which leaves that ward at present in a crippled condition, and I would recommend that this amount of hose be replaced and \$500 be appropriated for new hose to be distributed in the different wards.

FIRE ALARM.

The Board secured the services of H. L. Humphrey as superintendent of the alarm for the year. Mr. Humphrey has the interest of the department at heart and the engineers as well as the citizens of the town are unanimous in their opinion that his appointment is one for the best interest of the town. The following is Mr. Humphrey's report : —

This branch of the service is in good condition and no serious trouble has happened to it the past year. The line has been rebuilt from Central Square to Thomas's Corner on account of the relocation of the street railroad poles, and as this happens in some parts of the town every year at considerable expense to the town we would suggest to the Selectmen that when a permit is given to a company to relocate its poles that they should bear part of the expenses of changing the town wires.

A petition for a new box on Union Street was received by us signed by a number of tax payers of Ward 5, for which we would recommend \$150.

BUILDINGS.

The houses in Wards 1, 3, 5, have been shingled. Ward 2 has been remodeled, new floor laid and other repairs.

Ward 5 has also been remodeled. Hose 6 house has been painted. The houses in Wards 1, 3, 5, need painting now.

ALARMS.

Whole number of alarms during the year, 37, as follows :—

Ward 1, 7.

Ward 2, 11.

Ward 3, 8.

Ward 4, 4.

Ward 5, 7.

Of these four were false alarms; two seconds, both in Ward 1.

There were several fires when no alarm was rung in.

The loss of property in Weymouth the past year was \$90,679.10.

APPROPRIATIONS.

We recommend the following amount for the year :

| | |
|--|------------|
| Salaries of firemen, engineers, stewards and superintendent of fire alarm . . . | \$2,600 00 |
| Poll taxes of firemen refunded . . . | 336 00 |
| For fires and engine house supplies . . . | 1,600 00 |
| Hose | 500 00 |
| For hose destroyed at Ward 1 . . . | 165 00 |
| Fire alarm | 700 00 |
| | <hr/> |
| | \$5,901 00 |
| New box on Union Street . . . | 150 00 |
| | <hr/> |
| | \$6,051 00 |
| Painting house | 375 00 |
| | <hr/> |
| | \$6,426 00 |

ACKNOWLEDGMENTS.

In conclusion I desire to express my sincere appreciation for the co-operation of your Board with me in my official position.

To the Board of Engineers I am truly grateful for the honor conferred in selecting me as Chief for the third time.

To the officers and members for the courtesy shown me on all occasions and their active and willing response to all calls for their services.

EDWARD FAHEY,

Chief.

REPORT OF THE PARK COMMISSIONERS.

The Board of Park Commissioners has the honor to submit herewith its annual report for year ending December 31, 1901. The area of land in our Public Parks remains as last reported, no addition by gift, or otherwise, having been made during the year. We renew our invitation to those having historic, or otherwise attractive spots, desirable to be preserved, or suitable for Park purposes, to communicate with the Board with the view of transferring the same to the town.

Weymouth Landing and North Weymouth at present are the only sections of the town possessed of Parks, while it is desirable that each village should eventually be so possessed, and it is to be hoped that it will not be long before some public spirited citizen of the East and South parts will be moved to supply the want.

Webb Park at the Landing has been cared for and maintained at its usual standard, the grass and underbrush has been kept mowed and the ground kept clean and tidy. Many people visit this Park during the summer months, and seem to appreciate its beauties. The approach to the Park on the south is not what it should be. Summit Street should be so graded and widened as to make an attractive drive and way into the Park. It should be treated as a Parkway, which will necessitate the expenditure of a few hundred dollars when the town decides to do it.

Following is an account of receipts and expenditures of money on Webb Park :—

| | | |
|---------------------------------------|---------|---------|
| Unexpended balance of last year . . . | \$25 62 | |
| Appropriation, March 1901 . . . | 50 00 | \$75 62 |
| | <hr/> | |

EXPENDITURES.

| | | |
|--|---------|---------|
| Jere Delory for labor, 9½ days at \$2 | \$19 00 | |
| Jas. Fitzgerald for labor with horse and cart | 13 62 | |
| E. G. Tirrell for labor | 3 90 | 36 52 |
| | <hr/> | <hr/> |
| Balance unexpended | | \$39 10 |

We recommend an appropriation of \$50 which will be needed, as it is proposed to plant trees and shrubbery the coming year in addition to the regular work of keeping the grass mowed, etc.

Beals Park at North Weymouth has also received its accustomed care, and has presented an attractive appearance during the summer months. The expenses were somewhat heavier than usual this year, owing to the necessity of renewing the water pipes, which had been eaten up by rust, and the cleaning out of pond, etc.

The receipts and expenditures of money on this Park were as follows, viz. :—

| | | |
|--------------------------------------|---------|---------|
| Received from L. B. Curtis | \$45 00 | |
| S. Ford | 35 00 | |
| Donations | 15 35 | \$95 35 |

EXPENDITURES.

| | | |
|--------------------------------------|---------|---------|
| Paid Noble Morse for labor | \$36 25 | |
| S. Delory | 41 25 | |
| Bradley Fertilizer Co. | 6 00 | |
| D. M. Kidder | 4 00 | |
| Weymouth Water Works | 7 85 | \$95 35 |
| | <hr/> | |

There is due and uncollected \$35 for rent of pasture at Great Hill.

Great Hill Park is still in the rough, a valuable acquisition which will some day be developed and improved. The citizens of the town can afford to wait, feeling sure that as time goes on its value will not be less.

LOUIS A. COOK,
WILLIAM H. CLAPP,
FRANK H. TORREY.

Park Commissioners.

REPORT OF LIGHTING COMMITTEE.

The Lighting Committee respectfully submit their report as follows :

At a special town meeting held in the Odd Fellows Opera House, East Weymouth, on the evening of April 12, 1901, it was

VOTED : To raise and appropriate the sum of \$5,500 for electric lighting, and that a committee of five be appointed to make contracts for and supervise the same, and that said committee serve without pay other than their actual expenses while in the discharge of their duty.

VOTED : That the committee have full power and that they be instructed in the wording of the contract, "rebate shall be made for lights not burning."

The meeting chose as chairman of this committee Mr. J. Clarence Howe, and the moderator appointed as the remaining members Mr. Frank H. Torrey, Mr. Nathan D. Canterbury, Mr. Frank H. Mason and Mr. Lysander Heald.

The first meeting of the committee was held on the evening of April 17th for the purpose of discussing the terms of a contract to be made with the Weymouth Light & Power Company and adjourned to the evening of April 18th when the committee met in conference with the board of directors of the Weymouth Light & Power Co. The matter of furnishing light for the town was fully discussed and the terms of a contract agreed upon and the same was subsequently executed.

The lights were turned on the evening of April 19th but the date from which payment was to be reckoned was established as April 22d.

Your committee caused to be published in the Weymouth Gazette a notice that complaint cards could be found at the following places—

Ward 1, B. F. Thomas and Holden & Sladen.

Ward 2, Hoyt's drug store and B. F. Smith's drug store.

Ward 3, C. D. Harlow, Phillipps & Bacon and M. C. Nash.

Ward 4, W. W. Pratt, W. G. Nash and E. P. Shaw.

Ward 5, Elbridge Nash and George Perry.

and requested citizens to fill out and forward the same to the committee when they found any trouble with the lights from any cause whatever.

This was deemed the only way in which a just and true account could be kept, it being fair to the town as well as to the Lighting Company, and obviating all question of hearsay evidence. All deductions have therefore been made on this basis.

A petition was received from George E. White and others, requesting that certain arc lights named in the petition be changed to incandescent lights, but your committee were obliged to refuse their request as the Light & Power Co. would not make the change at less than \$100 a light. No money having been appropriated for this purpose your committee failed to see that they had any authority or right to incur the indebtedness that the change would necessitate.

For the same reason, the petition of George G. Hunt and others was refused. At the same time, the committee recognized the fact that the requests were reasonable and proper and regretted exceedingly that it was not in their power to grant them.

This committee was appointed to see that the town received what was paid for. It has therefore been their aim to see that the Lighting Company furnished light and as a secondary consideration that a rebate was made when they did not furnish it.

We have found the company ready and willing at all time to do exactly as they agreed in their contract and there has

not been at any time a difference of opinion. When cautioned as to the quality of light furnished and when they have been notified of light not burning, the matter has received their prompt attention.

It has been their misfortune to have several accidents to their machinery which were beyond their control and as a consequence were the occasion of quite considerable inconvenience to the citizens of the town.

We have approved bills to the amount of \$4,668.21 as by detailed account below.

We have deducted rebates as by detailed account below.

Bill presented for April and May \$760 42, less rebate \$3 78

Weymouth, January 1, 1902.

REPORT OF SUPERINTENDENT OF STREETS.

To the Board of Selectmen of Weymouth;

GENTLEMEN :— I herewith submit my report for the year ending December 31, 1901.

Commercial Street has been worked, from the Hingham line, in Wards two, one, and three, to the coal-wharf of Augustus Richards, as follows :—

From Hingham line to Commercial Square it has been graveled in a number of places.

From Commercial Square to Jackson Square a heavy coat of gravel has been put on and rolled. Jackson Square has been re-graded, gravelled and rolled to conform with the street railway which was rebuilt last September.

From Jackson Square to Cottage Street has been repaired with crushed stone, gravelled and rolled.

From Cottage Street to Madison Street it has been gravelled and rolled.

From Putnam Street to Union Avenue it has been scraped with a road machine and raised, from six to eighteen inches, gravelled and rolled also fifty feet of drain-pipe laid across the street near Putnam.

From Union Avenue to King Oak hill it has been scraped and put in good shape; then gravelled over King Oak hill, by the residence of Henry Nash to Loud's hill.

The hollow near the residence of James Jones, to the Avonia Spring or Loud's hill, has been raised about eighteen inches and a heavy coat of gravel put on, also a sidewalk built on one side and a suitable rail put up.

Loud's hill has been gravelled to near the coal-wharf of Mr. Richards.

Sea Street has been scraped with road-machine and gravelled and a side-walk built from top of the hill to the water line.

North Street has been gravelled in sections from the junction of Commercial Street to Thomas Corner and sidewalks repaired.

River and Neck Streets have been repaired in places from Bridge Street to Bradley's Fertilizer Factory.

East Street has been scraped, from residence of Samuel Thompson, to ward two line and partly gravelled, and a sidewalk built from the railroad to Mr. Thompson's.

Broad Street has been gravelled from Madison Street to Shaw's Corner; from Essex Street to Spring Street; and from Hunt's fire-works factory to Lincoln Square.

Putnam Street has been scraped and gravelled from Commercial Street to the top of the hill.

Madison Street has been repaired from Commercial Street to the residence of Samuel Healy; the hollow has been filled with stone and covered with gravel to the depth of eighteen inches, and rolled; also a sidewalk has been built and thirty feet of drain pipe put in.

Maple Street has been scraped, from Middle Street to Cain Avenue and the bridge has been widened out with a fifteen inch drain-pipe, also a sidewalk built to the factory of Strong and Garfield.

Charles Street has been gravelled from the residence of Charles Delory to the factory of Edwin Clapp.

The stone bridge on Essex Street near the residence of Cornelius Green has been taken up, relaid and made higher and wider which we think will take all the water from Mr. Green's meadow.

The bridge on Broad Street over the Herring river has been re-planked with two-inch spruce plank and will last about two years.

Washington Street has been gravelled in sections from

Lovell's Corner to Washington Square. From Federal Street to Bicknell's factory it has been given a heavy coat of gravel and rolled. The hill from Lincoln Square to Washington Square has been gravelled and rolled and is now in good condition.

Keith, Tremont, Norfolk and Prospect Streets have all been gravelled.

Main Street has been gravelled in sections from Washington Street to Dyer's Corner and 1800 feet of stone road has been built west of the residence of N. R. Ells. About twenty feet of stone bridge has been rebuilt over Mill River. From the residence of N. R. Ells to Nash's Corner, has been scraped and partly gravelled.

Front Street has been scraped, from Nash's Corner to the residence of Charles Cottle, and partly gravelled. This piece of road we were obliged to leave unfinished on account of the cold weather.

Federal Street has been scraped, from Front Street to the residence of Mr. Nash and a good sidewalk built.

A part of Vine Street has been scraped and gravelled and a sidewalk built.

Summer Street, from West Street to the White place, has been scraped and gravelled and is now in good shape.

West Street near residence of Mr. Lamphry has been scraped and gravelled.

Garfield Square has been gravelled.

Columbian Street has been gravelled and rolled from Main Street to Columbian Square. Columbian Square has been regraded and gravelled from eight to twelve inches deep and rolled with steam roller.

Thicket Street has been scraped, from the residence of Mr. Gay to the Abington line and partly gravelled.

Pleasant Street has been gravelled in sections, from Tower's hill to residence of William Dyer, and rolled with steam roller.

Pine Street has been scraped from the residence of

Thomas Barnes to residence of Tyler Poole and partly gravelled and rolled.

Fences have been built as follows:—Washington Street near Lake View Park, 1450 feet, Middle Street 250 feet, Pleasant Street 250 feet.

About 250 feet of curbing has been laid at the corner of Broad and Cottage Streets and about 100 feet near E. H. Stetson & Co.'s factory.

SPECIAL APPROPRIATIONS.

Centre and Rose Cliff Streets have been worked as it was voted at the last town meeting.

Respectfully submitted,

GEORGE F. MAYNARD,

Superintendent of Streets.

TOWN CLERK'S REPORT.

*Births Recorded in the Town Clerk's Office, Weymouth,
for the year 1901.*

Date of Birth, 1901.

January.

5. Cornelius Francis Loner-
gan.
6. Harold Gordon Pratt.
10. Lo Terry.
12. Howard Gardner Bates.
12. Leslie Parker Lincoln.
12. Amerigo Dealesandro.
12. Alfredo Dealesandro, twins.
21. Harry Clifton Cole.
22. Cuncetta Dealesandro.
24. Allen Merrill Holbrook.
25. Charles Alfred Coyle.
28. Howard Wilton Tirrell.
29. Maria Nichela Guidice.
30. Burnham Cressey Rowell.
31. Nellie Grace Faveraux.
31. Carmela Scarquello.

February.

1. Catherine Merriel Myers.
4. Annie Gertrude Mellville.
4. Male child of Karl and
Terese Zander.
8. Katharine Reed Vining.
8. Giovanni Tramultula.
9. Marie Field Galvin.
9. Edith Amanda Roswell.

Date of Birth, 1901.

February.

JOHN A. RAYMOND,

Town Clerk.

WEYMOUTH, Feb. 1, 1902.

TOWN RECORDS FOR 1901.

ANNUAL TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

Norfolk, ss. To either of the Constables of the Town of Weymouth in said County. Greeting:

In the name of said Commonwealth, you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections therein, to meet at the polling places in their respective voting precincts, to wit: In precincts numbered One, Three, Five and Six, in the halls of the Fire Engine Houses located respectively in those precincts; in precinct numbered Two, at Odd Fellows Opera House, and in precinct numbered Four, at the Hose House at Nash's Corner, on Monday, the Fourth Day of March next, at Six o'clock in the forenoon, then and there to bring in to the Wardens of their several precincts their votes on one ballot, for the following named town officers, to wit: Town Clerk, Town Treasurer, five Selectmen, five Overseers of the Poor, five Assessors, Collector of Taxes, three Auditors, two School Committee for three years, one School Committee for one year, one Park Commissioner for three years, three Trustees of Tufts Library for three years, one Water Commissioner for three years, one Commissioner for the Sinking Fund of the High School Loan Bonds for three years, and ten Constables; and also to vote on the same ballot, "Yes" or "No" upon the question "Shall licenses be granted for the sale of intoxicating liquors in this town?"

The polls will be open at six o'clock in the forenoon, and may be closed at one o'clock in the afternoon. You are further required to notify and warn said inhabitants qualified to vote as aforesaid, to meet at Music Hall, East Weymouth (Skating Rink), on Monday, the Eleventh day of March next, at nine o'clock in the forenoon, then and there to act on the following articles, namely:

Article 1. To choose a Moderator for said meeting.

Art. 2. To choose all necessary town officers other than those elected by ballot, viz:—Public Weighers, Surveyors of Wood, Lumber and Bark, two or more Fence Viewers, two or more Field Drivers, one Pound Keeper.

Art. 3. To choose by ballot a Tree Warden, and to determine what compensation shall be allowed him.

Art. 4. To hear and act upon the report of the several boards of town officers, and of any committees appointed at any former meeting, and to choose any committees the town may think proper.

Art. 5. To see what sum of money the town will vote to raise and appropriate for the support of public schools.

Art. 6. To see what sum of money the town will vote to raise and appropriate for the transportation of pupils to and from school.

Art. 7. To see if the town will vote to instruct the School Committee to employ a Superintendent of Schools.

Art. 8. To see what sum of money the town will vote to raise and appropriate for the repairs of highways, town-ways and bridges and for the removal of snow.

Art. 9. To see what sum of money the town will vote to raise and appropriate for the support of the poor.

Art. 10. To see what sum of money the town will vote to raise and appropriate for the relief of disabled soldiers and seamen, and the families of disabled soldiers and seamen under Chapter 447 of the Acts of 1890.

Art. 11. To see what sum of money the town will vote to appropriate for the payment of State and Military Aid

under the provisions of Chapters 372 and 374 of the Acts of 1899 and for burials, as provided in Chapter 279 of the Acts of 1896, and to determine how much of the same shall be raised by taxation.

Art. 12. To see what sum of money the town will vote to raise and appropriate for the support of the fire department.

Art. 13. To see what sum of money the town will vote to raise and appropriate for police service.

Art. 14. To see what sum of money the town will vote to raise and appropriate for the Tufts Library.

Art. 15. To see what sum of money the town will vote to raise and appropriate for the maintenance of a public reading room in the Fogg Library.

Art. 16. To see what sum of money the town will vote to raise and appropriate for the abatement and remittance of taxes.

Art. 17. To see what sum of money the town will vote to raise and appropriate for the payment of interest that may become due the ensuing year.

Art. 18. To see what sum of money the town will vote to raise and appropriate for printing and advertising.

Art. 19. To see what sum of money the town will vote to raise and appropriate for miscellaneous expenses.

Art. 20. To see what sum of money the town will vote to raise and appropriate for the payment of town officers.

Art. 21. To see what sum of money the town will vote to raise and appropriate for election expenses.

Art. 22. To see what sum of money the town will vote to raise and appropriate for Memorial Day.

Art. 23. To see what sum of money the town will vote to raise and appropriate for the care and repair of the Town House.

Art. 24. To see what action the town will take, if any, in relation to establishing an office for the transaction of the town business.

Art. 25. To see if the town will vote to have placed upon the official ballot, in future elections, any officers required by law to be elected by ballot, upon which they have not already acted.

Art. 26. To see what sum of money the town will vote to raise and appropriate for electric lighting.

Art. 27. To see if the inhabitants will authorize the Town Treasurer to borrow such sums of money, in anticipation of taxes, as will be found necessary to meet the current expenses of the year.

Art. 28. On petition of Frank H. Torrey and eighty-four others, to see if the town will vote to erect a new schoolhouse in Ward 1, adequate to accommodate 350 pupils, and raise by a loan, or otherwise, and appropriate to that use a sum sufficient for that purpose, and to establish a Sinking Fund which will discharge such loan at maturity, and take all other action necessary to carry into effect any or all of the foregoing propositions.

Art. 29. On petition of the Building Committee, to see if the town will raise and make an additional appropriation of \$300 for the new schoolhouse at Nash's Corner.

Art. 30. To see if the town will authorize its Selectmen to enter suit, if found necessary, for the recovery of money expended for the maintenance of poor, having settlements in other towns or cities.

Art. 31. To see what sum of money the town will vote to raise and appropriate toward the Sinking Fund, for the payment at maturity of the High School Bonds.

Art. 32. On petition of the "Monday Club," to see if the town will adopt an amendment to its By-Laws, providing for the establishment of a Curfew Ordinance.

Art. 33. To see if the town will vote to appropriate from the revenue of the Water Works for the current year the sum of \$25,160 to be expended for the following purposes, viz: \$18,160 for interest on the Weymouth Water Loan Bonds becoming due the ensuing year, \$2,300 for salaries of the Superintendent of the Works and Engineer

of the Pumping Station, \$1,700 for maintenance of the Works, and \$3,000 for all necessary expense.

Art. 34. To see if the town will vote to appropriate, and direct to be paid to the Trustees of the Sinking Fund, out of the income of water rents for the current year, the sum of \$9,080 to be set apart and invested as a Sinking Fund for the payment at maturity of the principal of the Weymouth Water Loan Bonds.

Art. 35. To see if the town will vote to appropriate the sum of \$3,000 for the purpose of extending the main water pipe line.

Art. 36. To see what sum of money the town will vote to raise and appropriate for hydrants, and for water rent and care of drinking fountains.

Art. 37. To see if the town will vote to furnish without cost to the Highway Department, the water used in sprinkling, and in construction of streets.

Art. 38. On petition of Edward W. Hunt and others, to see if the town will vote to raise and appropriate the sum of \$3,000 to continue the work of rebuilding Commercial street between Washington square, and the Tufts Railroad Crossing.

Art. 39. To see if the town will vote to raise and appropriate \$3,000 to continue the work of macadamizing Broad street, between Jackson square and Middle street.

Art. 40. On petition of W. T. Shaw and twenty-four others, to see if the town will vote to raise and appropriate a sum of money sufficient for a night police during the year, for the village of North Weymouth.

Art. 41. By request of the Park Commissioners, to see if the town will vote to raise and appropriate the sum of \$100 for the purpose of working that portion of Summit street bordering on Webb Park, to its full width, as laid out, with a sidewalk along the line of said park.

Art. 42. By request of the Park Commissioners, to see if the town will vote to raise and appropriate the sum of

\$50 for the care and maintenance of parks belonging to the town.

Art. 43. By request of the Old Colony Club, to see if the town will vote to raise a sufficient sum of money, and appropriate the same, for the purpose of teaching sewing in our public schools.

Art. 44. On petition of M. Sheehy and others, to see if the town will raise and appropriate \$400 to rebuild four bridges on Broad street between Central square and the division line between Wards 2 and 3.

Art. 45. On petition of M. Sheehy and others, to see if the town will vote to deepen the water course which crosses Broad, east of Essex street; said deepening to be done north of Broad street, to what is known as "The Brook." And to see if the town will vote to raise and appropriate a sum, not to exceed \$500 for the same.

Art. 46. On petition of David P. Tilden and others, to see if the town will take action for the erection and maintenance of electric lights on Chard street, extending from the junction of Putnam street and Cowing avenue, to the house of Wendall T. Dizer.

Art. 47. On petition of Peter A. Healy and others, to see if the town will raise and appropriate a sufficient sum of money to locate one electric light at the corner of Curtis and Central avenue, near the house of Francis Moneghan.

Art. 48. On petition of Edward Anderson and others, to see if the town will vote to establish and maintain electric lights on that part of Washington street between the Toll House (so called), and the house of Silas Newcomb.

Art. 49. On petition of Wilmot Cleverly and others to see if the town will place an electric light on Green street, opposite Shaw street, North Weymouth.

Art. 50. On petition of Charles H. DesLauries and others, to see if the town will vote to raise and appropriate such sum of money as will maintain two incandescent lights, one at the corner of Charles and Lake streets, and another at the corner of Walnut and Charles streets.

Art. 51. On petition of Thomas B. Reed, to see if the town will place one electric light on Center street.

Art. 52. On petition of Nathan J. Marden and others, to see if the town will vote to place an electric light on Grove street.

Art. 53. On petition of Robert S. Mills and others, to see if the town will vote that the name of the street known as Cowing avenue, or Cowing place, be changed to Lafayette avenue.

Art. 54. To see what provision the town will make for the payment of a note of \$10,000 which becomes due December 30, 1901.

Art. 55. To see what provision the town will make for the payment of a note of \$5,000 which becomes due January 15, 1902.

Art. 56. On petition of M. W. Lynch and others, to see if the town will instruct the Board of Selectmen to pay \$2.00 a day to all able bodied men for work performed by the town, whether by contract or otherwise, and preference to be given to citizens and tax payers; and that eight hours shall constitute a day's work.

Art. 57. To see if the town will authorize its Selectmen to sell any of the vacant lots of land which it now owns.

Art. 58. To see what sum of money the town will vote to raise and appropriate, or will appropriate, to provide for any deficiencies in the appropriations of the current financial year, or for any overdrafts already made.

Art. 59. To determine in what manner taxes shall be collected the ensuing year, and to fix the rate of interest upon all taxes remaining unpaid after the time fixed for payment.

Art. 60. To see if the town will accept the list of Jurors, as submitted by the Selectmen.

Art. 61. To see if the town will vote to raise \$200 and appropriate the same for the purpose of completing the working of Center street.

Art. 62. To see if the town will vote to raise and appropriate \$300 for the working of Lawton street.

Art. 63. To see if the town will accept the report of the Selectmen upon the re-location of a portion of Iron Hill street.

Art. 64. To see if the town will accept the report of the Selectmen upon the laying out of a new town way, from a point on River street, near the schoolhouse, to a point at Rose Cliff (so-called).

Art. 65. To see if the town will vote to raise and appropriate \$200 for the purpose of working the street mentioned in Article 64.

Art. 66. To see if the town will take any action in relation to disposing of the North High School building and lot.

Art. 67. To see if the town will take any action in relation to disposing of the James B. Pratt house and lot.

And you are directed to serve this warrant by posting attested copies thereof, in three or more public places in each precinct in said town, seven days at least before the said Fourth Day of March next.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk, on or before the First Day of March next.

Given under our hands at Weymouth, this Eighteenth day of February, in the year of our Lord, Nineteen Hundred and One.

GORDON WILLIS,
BRADFORD HAWES,
GEORGE L. NEWTON,
NELSON W. GARDNER,
JOHN F. DWYER,
Selectmen of Weymouth.

COMMONWEALTH OF MASSACHUSETTS.

Norfolk, ss.

Weymouth, February 23, 1901.

Pursuant to the within warrant I have notified and warned the inhabitants of Weymouth aforesaid, to meet at the respective places and times, for the purposes set forth in said warrant, by posting true and attested copies of the same in each precinct in said town as therein directed.

GEORGE F. MAYNARD,
Constable of Weymouth.

A true copy, Attest:

JOHN A. RAYMOND,
Town Clerk.

Attest:

JOHN A. RAYMOND,

Town Clerk.

ANNUAL TOWN MEETING.

Pursuant to the foregoing warrant, the annual meeting of the inhabitants of the Town of Weymouth was held at Music Hall, Precinct 2, in said Town, on Monday, March 11, 1901, the meeting being called to order at nine o'clock in the forenoon, and the warrant read by the Town Clerk.

Article 1. Louis A. Cook, Esq., was elected Moderator by ballot, the check list being used in the election.

Art. 2. Voted, That the Moderator appoint a committee of five (one from each ward) to retire and nominate all officers not required to be elected by ballot.

The Moderator appointed the following: Thomas H. Vincent, T. John Evans, Thomas Fitzgerald, Preston W. Pratt, George L. Wentworth.

Voted, That they report at the afternoon session.

Voted, That any committee appointed to nominate a committee shall not put their own names on the same.

Art. 3. George L. Newton was elected Tree Warden by ballot.

Art. 4. Voted, To accept the reports of the several boards of town officers as printed, also the reports of the Committee on Town Officers, and the Committee on the new school house at Nash's corner.

Voted, To accept the following report of the Selectmen of expenditure from Jan. 1 to Mar. 2, 1901.

| OBJECT OF APPROPRIATION. | Unexpended Jan. 1, 1901. | Expended in Excess Jan. 1, 1901. | Expended Jan. 1 to Date. | Unexpended March 2, 1901. | Total Excess of Expendi- tures March 2. |

| | \$30,207 22 | | \$30,207 22 | | \$5,360 45 |

Voted, That the Appropriation Committee be appointed by the Moderator.

Art. 5. Voted, That the sum of \$43,000 be raised and appropriated for the support of public schools, also that one-half the dog tax and the money received for the tuition of non-resident pupils be appropriated for the same purpose, income of the Alewife Fund and income of Pratt School Fund.

Voted, To adjourn until 1 o'clock.

At 1 o'clock the meeting was again called to order.

Voted, That the Selectmen take legal advice, and ascertain the rights of the town, in relation to the Pratt School Fund.

Voted, That the Selectmen be instructed to ascertain the relation of the town to the so-called "Alewife Fund" and report at the next Annual Town Meeting, what action if any should be taken in the matter.

The Committee on Minor Officers made the following report:

PUBLIC WEIGHERS.

Voted, That, for the purpose of procuring a temporary loan to and for the use of the Town of Weymouth, in anticipation of the taxes of the present municipal year, the Town Treasurer is hereby authorized and directed to borrow, from time to time, with the approval of the majority of the Selectmen of said town, a sum or sums in the aggregate amounting to one hundred and forty thousand dollars, and to execute and deliver the note or notes of the

town therefor, payable within one year from the time the loan is made.

At 5 o'clock P. M. the meeting adjourned.

Attest:

JOHN A. RAYMOND. Town Clerk.

The adjourned meeting of the inhabitants of the Town of Weymouth was held at the Opera House, East Weymouth, on Saturday, March 16th, 1901, the meeting being called to order at 2 o'clock P. M., by the Moderator.

Art. 28. Voted, That the town raise by a loan, the sum of twenty-five thousand dollars, and appropriate that sum for the erection and furnishing of a School House in Ward One in this town adequate to the accommodation of not less than three hundred and fifty pupils; and that a building committee to consist of nine citizens of the town (none of whom shall be members of the School Committee) to be appointed as hereinafter set forth, shall be charged with the whole duty of planning such School House, of contracting for its erection, finishing and furnishing, complete for its use, including the general superintendence of its construction; which Building Committee shall be appointed by the Moderator of this meeting; the names of all the persons thus designated to be certified to the Town Clerk, and a record of them made by him.

Payments from the treasury to the amount of said appropriation shall be made upon the order of the Selectmen, approved by the Building Committee.

That, in awarding all contracts, the building committee is directed to favor citizens of this Town. In the employment of mechanics or skilled labor, so called, residents of Weymouth be given the preference, and that all laborers, so called, in or about the building shall be residents of this Town.

Voted, to raise by a loan and appropriate the sum of twenty-five thousand dollars for the erection of a School House at North Weymouth, and that the Town Treasurer be authorized, with the approval of the Selectmen, to issue

ten notes of \$2500 each payable yearly from May 1, 1911, to May 1, 1920, bearing interest at the rate of three and one-half per cent. per annum, payable semi-annually.

Voted, That the Committee appointed to build a new School House in Ward One serve without pay, except for such traveling expenses as may be incurred in visiting out of town buildings for information.

Voted, To take up Article 13, but no action was taken.

Art. 29. Voted, That \$300 be raised and appropriated for the completion of the new Nash School House.

Art. 30. Voted, To authorize the Selectmen to enter suit if found necessary for the recovery of money expended for the maintenance of poor, having settlements in other towns or cities.

Art. 31. Voted, That \$5,000 be raised and appropriated to be paid into the sinking fund for the payment at maturity of the High School bonds.

Voted, To take up Article 7, but no action was taken.

Art. 32. Voted, That the article in relation to the establishment of a Curfew ordinance be indefinitely postponed.

Art. 33. Voted, That the sum of \$25,160 be appropriated from the income of the water works for the current year to be expended for the following purposes, viz: \$18,160 for the payment of the interest on the Weymouth Water Loan Bonds becoming due the ensuing year; \$1,400 for the salary of the Superintendent of the Works; \$900 for the salary of the Engineer of the Pumping Station; \$1,700 for the maintenance of the works and \$3,000 for all other necessary expenses.

Art. 34. Voted, That \$9,080 be appropriated out of the income of the water works to be paid to the Trustees of the Sinking Fund to be set apart and invested as a Sinking Fund for the payment at maturity of the Weymouth Water Works Loan Bonds.

Art. 35. Voted, That \$3000 be appropriated for the purpose of extending the main water-pipe lines.

Art. 36. Voted, That the sum of \$5,000 be raised and appropriated for hydrants and water rent and care of drinking fountain.

Art. 37. Voted, That the Town furnish without cost to the Highway Department the water used in sprinkling and in the construction of new streets.

Art. 38. Voted, That the article in relation to Commercial Street be indefinitely postponed.

Art. 39. Voted, That the article in relation to Broad Street be indefinitely postponed.

Art. 40. Voted, That the article in relation to a night police in North Weymouth, be indefinitely postponed.

Art. 41. Voted, That the article in relation to Summit Street be indefinitely postponed.

Art. 42. Voted, That \$50 be raised and appropriated for the care and improvement of the public parks.

Art. 43. Voted, That the article in relation to the teaching of sewing in the public school be referred to the School Committee.

Art. 44. Voted, That the article in relation to building of four bridges on Broad Street, between Central Square and the division line between Wards Two and Three be referred to the Selectmen.

Voted. To take up Article 8.

That the Selectmen be instructed to appoint a Superintendent of Streets who shall hold no other town office, at a salary not exceeding \$1,000.

Voted, Not to reconsider the above vote.

Voted, That the Selectmen be instructed to pay the Superintendent of Streets a salary of \$1,000.

Art. 45. Voted, That the article in relation to deepening the water course on Broad Street be indefinitely postponed.

Voted, To take up Article 20.

Voted, Not to reconsider the vote whereby it was voted to pay the boards of Selectmen and Overseers of the Poor and Health the sum of \$2,600.

Voted, To take up Article 26, in relation to electric lighting.

Voted, To indefinitely postpone the whole matter.

Voted, Not to reconsider the above vote.

Voted, That Articles 46 to 52 inclusive, in relation to electric lights, be laid on the table.

Art. 53. Voted, That the name of Cowing Avenue or Cowing Place be changed to Lafayette Avenue.

Art. 54. Voted, That \$5,000 be raised and appropriated and \$5,000 be appropriated from the Corporation and National Bank Taxes for the payment of a note of \$10,000, due Dec. 30, 1901.

Art. 55. Voted, That \$5,000 be raised and appropriated for the payment of a note of that amount becoming due Jan. 15, 1902.

Art. 56. Voted, To instruct the Board of Selectmen to pay \$2.00 per day to all able-bodied men for work performed by the Town, whether by contract or otherwise, and preference to be given to citizens and taxpayers, and that eight hours shall constitute a day's work.

Voted, That the Selectmen instruct the Superintendent of Streets to divide the work equally.

Art. 57. Voted, To authorize the Selectmen to sell any of the vacant lots of land, which the Town owns, and that the Town Treasurer give a proper deed for the same.

Art. 58. Voted, That the sum of \$2,100 be raised and appropriated, and that \$9,559.60 be appropriated for overdrafts and deficiencies, to be applied as follows:

| | |
|--|------------|

Art. 59. Voted, That all taxes shall become due and payable on or before the tenth day of October next, and that the Collector be instructed to collect forthwith, according to law, all taxes remaining unpaid after that date, with interest at the rate of six per cent. per annum, and that the salary of the Collector be the same as last year, six mills.

Voted, To amend the Jurors' List as prepared by the Selectmen, by striking out the names of Jos. A. Cushing, James E. Donovan, Wm. H. Robinson, Richard R. Bolles and Silas B. Totman, and adding the names of George W. Bass, Geo. H. French, Joe Taylor, John A. Holbrook and Frank McCarthy.

Voted, That the list as now amended, be adopted.

Art. 61. Voted, That \$200 be raised and appropriated to complete the working of Center Street.

Art. 62. This article in relation to Lawton Street was not carried.

Art. 63. Voted, To accept the report of the Selectmen upon the relocation of a portion of Iron Hill Street.

Art. 64. Voted, To accept the report of the Selectmen upon the laying out of a new town way from a point on River Street near the School House to a point at Rose Cliff, to be called Cliff Street.

Art. 65. Voted, To raise and appropriate the sum of \$200 for the working of Cliff Street.

Art. 66. Voted, That this article in relation to disposing of the North High School building and lot, be laid on the table.

Art. 67. Voted, That this article in relation to disposing of the James B. Pratt house and lot, be referred to the Selectmen, with full power, and if sold, the Town Treasurer be authorized to give a proper deed for the same.

Voted, That the thanks of the Town be extended Louis A. Cook, Esq., for the able and impartial manner in which he has conducted this meeting as its Moderator.

Voted, To adjourn.

Attest: JOHN A. RAYMOND,
Town Clerk.

SPECIAL TOWN MEETING.

Norfolk, ss. To either of the Constables of the Town of Weymouth, in said County, Greeting:

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections, to meet at Odd Fellows Opera House, in East Weymouth, on Friday, the twelfth day of April instant, at seven o'clock and forty five minutes in the evening, then and there to act on the following articles, namely:

Article 1. To choose a Moderator.

Art. 2. On petition of Frank H. Torrey and fifty-two others, to see if the town will vote to erect a new school house in Ward One, adequate to accommodate three hundred and fifty pupils and raise by a loan, or otherwise, and appropriate to that use, a sum sufficient for that purpose and take all other action necessary to carry into effect any or all of the foregoing propositions.

Art. 3. On petition of E. E. Merchant and nineteen others, to see if the town will take any action in regard to a renewal of the street lighting system, and will raise and

appropriate, or appropriate, money to carry the same into effect.

Art. 4. On petition of N. R. Ells, to see if the town will vote to raise and appropriate \$300 for the working of Lawton Street.

And you are directed to serve this warrant by posting attested copies thereof in three or more public places in each precinct in said town, seven days at least before the time of said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Weymouth, this second day of April, in the year of our Lord, one thousand nine hundred and one.

GEORGE L. NEWTON,
BRADFORD HAWES,
NELSON W. GARDNER.
JOHN F. DWYER,
GEORGE C. TORREY.

Selectmen of Weymouth.

COMMONWEALTH OF MASSACHUSETTS.

Norfolk, ss.

Weymouth, April 4, 1901.

Pursuant to the within warrant, I have notified and warned the inhabitants of Weymouth aforesaid, to meet at the time and place, and for the purpose set forth in said Warrant by posting three and more true and attested copies of the same, in each precinct in said town, as therein required.

ASA B. PRATT,
Constable of Weymouth.

A true copy, Attest:

JOHN A. RAYMOND,
Town Clerk.

SPECIAL TOWN MEETING.

Pursuant to the foregoing warrant, a legal meeting of the inhabitants of the Town of Weymouth qualified to vote in elections, was held in Odd Fellows Opera House, East Weymouth, on Friday, April 12th, 1901, at 7:45 o'clock P. M., the meeting being called to order and the warrant read by the Town Clerk

The Town Clerk appointed Benj. F. Smith and Joseph A. Cushing as Tellers, to check the names of persons voting for Moderator, and administered the oath to them.

Article 1. Louis A. Cook, Esq., was elected Moderator by ballot, the check list being used in the election.

Art. 2. Voted, That the Town raise by a loan, the sum of twenty-five thousand dollars and appropriate that sum for the erection and furnishing of a school house in Ward One in this town adequate to the accommodation of not less than three hundred and fifty pupils, and that a building committee to consist of nine citizens of the town (none of whom shall be members of the School Committee) to be appointed as hereinafter set forth, shall be charged with the whole duty of contracting for the erection, furnishing and finishing complete for its use such school house, including the general superintendence of its construction, which Building Committee shall be appointed by the Moderator of this meeting, the names of the persons to be certified to by the Town Clerk and a record of them made by him. Payments from the Treasury to the amount of said appropriation shall be made upon the order of the Selectmen, approved by the Building Committee.

That, The Town Treasurer be authorized with the approval of the Selectmen to issue ten notes of \$2,500 each, payable yearly from May 1, 1911 to May 1, 1920, with interest at the rate of three and one-half per cent. per annum payable semi-annually.

That, The Committee serve without pay except for such travelling expenses as may be incurred in visiting out of town buildings for information.

That, In awarding contracts, the Building Committee is directed to favor citizens of the Town, and in the employment of mechanics or skilled labor, so called, residents of Weymouth be given the preference, and that all laborers, so called, in or about the building shall be residents of the Town.

The result of the above vote was: Yes, 453; no, 2.

Previous to taking the above vote the Moderator appointed Francis A. Bicknell and Joseph A. Cushing as tellers and administered the oath to them.

Voted, Not to reconsider the above vote.

Voted, That final plans and specifications shall be approved by the School Committee before contracts are made by the Building Committee.

Art. 3. Voted, That we raise and appropriate the sum of fifty-five hundred dollars for electric lighting, and that a committee of five be appointed to make contracts for and supervise the same, and that said committee serve without pay other than their actual expenses while in the discharge of their duty.

The result of the above vote was: Yes, 301; no, 85.

Voted. That J. Clarence Howe act as Chairman of the Electric Light Committee, and that the other four be appointed by the Moderator, one from each ward. The Moderator appointed the following: N. D. Canterbury, F. H. Torrey, F. H. Mason and Lysander Heald.

Voted, That the Committee have full powers, and that they be instructed, in the wording of the contract, "rebates shall be made for lights not burning."

In taking the above vote, one hundred voters voted in the affirmative.

Voted, To adjourn.

Attest:

JOHN A. RAYMOND,

Town Clerk.

Weymouth, April 12, 1901.

To John A. Raymond, Town Clerk.

I hereby make the following appointments as the Committee to build a new School House in the north part of the Town:—Frank H. Torrey, Francis A. Bicknell, Arthur W. Bartlett, Edward H. Benson, James B. Jones, Gordon Willis, Alonzo C. Pratt, Geo. H. Bicknell, Wm. C. Earle.

And the above are hereby certified to the Town Clerk of said Weymouth.

LOUIS A. COOK,
Moderator.

SPECIAL TOWN MEETING.

Norfolk, ss. To either of the Constables of the Town of Weymouth, in said County. Greeting:

In the name of the Commonwealth you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections, to meet at Music Hall in East Weymouth, on Saturday, the thirteenth day of July, instant, at seven o'clock and forty-five minutes in the evening, then and there to act on the following articles, namely:

Article 1. To choose a Moderator.

Art. 2. To see if the town will ratify the action of the Board of Selectmen, wherein they employed counsel to assist in the criminal prosecution of George J. Ries for the embezzlement of the money of the town.

Art. 3. To see if the town will refer to its Board of Selectmen the whole matter connected with the defalcation of the said George J. Ries, with full power and authority to commence suit against such party or parties as they may deem legally liable for the whole or any part of such defalcation, and with full power and authority to make a settlement with such party or parties.

And you are directed to serve this warrant by posting attested copies thereof in three public places in each precinct in said town, seven days at least, before the time of said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon to the Town Clerk, at or before the time of said meeting.

Given under our hands at Weymouth, this third day of July, in the year of our Lord one thousand nine hundred and one.

GEORGE L. NEWTON,
BRADFORD HAWES,
NELSON W. GARDNER,
JOHN F. DWYER,
GEORGE C. TORREY,

Selectmen of Weymouth.

Norfolk ss.

Weymouth, July 6, 1901.

Pursuant to the within warrant, I have on the above date, posted true and attested copies thereof in more than three public places in each precinct in said town of Weymouth, as within directed.

ASA B. PRATT,
Constable of Weymouth.

A true copy, Attest:

JOHN A. RAYMOND,
Town Clerk.

SPECIAL TOWN MEETING.

Pursuant to the foregoing warrant a legal meeting of the inhabitants of the Town of Weymouth was held in Music Hall, East Weymouth, on Saturday, July 13, A. D. 1901, the meeting being called to order at 7:45 o'clock P. M., and the warrant read by the Town Clerk.

Article 1. Louis A. Cook, Esq., was elected Moderator by ballot, the check list being used in the election.

Art. 2. Voted, That action under this article be deferred, until Article 3 has been acted upon.

Art. 3. Voted, That a committee of five (none of whom shall be members of the Selectmen or Water Commissioners), one from each Ward, be appointed by the chair to retire to the ante-room and bring in the names of five for your consideration who will have full power and authority to commence suit against such party or parties, as they may deem legally liable for the whole or any part of such defalcation, and with full power and authority to make a settlement with such party or parties. And that this committee report back to the citizens of Weymouth for their approval at an adjourned meeting.

More than one hundred voters voted in the affirmative.

Previous to taking the above vote, the Moderator appointed F. A. Bicknell and E. B. Nevin as tellers and administered the oath to them.

The Moderator appointed the following on the above committee: George W. Baker, Levi B. Curtis, William H. Wall, Gilman B. Loud, E. B. Nevin.

The committee retired and then brought in several names, but many of the persons nominated declined, and after several nominations were made from the floor, the committee were made up of the following persons, viz.:— W. J. Coleman, Wm. H. Pratt, John B. Whelan, Preston Lewis, and Louis A. Cook.

Art. 2. Voted, To ratify the action of the Board of Selectmen, wherein they employed counsel to assist in the criminal prosecution of George J. Ries for the embezzlement of the money of the town.

More than 100 of the voters present voted in the affirmative.

Voted, That the Auditors of the Town be instructed and directed to make a thorough audit of the books and accounts of the Honorable Board of Water Commissioners from the time said board was organized to the present date, and report to the next special or annual Town Meeting, the result of said audit.

More than 100 of the voters present voted in the affirmative.

Voted, That the Selectmen be instructed to call a Special Town Meeting at the request of the Committee appointed under Article 3.

Voted to adjourn.

JOHN A. RAYMOND,
Town Clerk.

Weymouth, Mass., Oct. 14, 1901.

John A. Raymond, Town Clerk.

Vouchers for payments on account of the Tufts Fund are held by the Chairman of the Selectmen by whom payments were made.

GEORGE L. NEWTON.

Chairman Selectmen, Weymouth.

REPORT OF THE TRUSTEES OF THE TUFTS LIBRARY.

The twenty-third annual report of the Board of Trustees of the Tufts Library is respectfully submitted to the town of Weymouth, as follows:

The library was open for the delivery of books on 303 days; the whole number of volumes loaned for home use was 57,514, a daily average of 189, and a monthly average of 4,793 volumes. The largest number of books loaned in one day was 420 on Jan. 2, and the smallest number loaned in any one day 43 on July 1; 5851 volumes were loaned during March, the busiest month, and only 3858 during the month of September.

The circulation of books through the several agencies was as follows:—

| | |
|--|--------|
| Precinct 1, Bartlett's store | 5,735 |
| Precinct 1, Holden and Sladen's store | 2,914 |
| Precincts 2 and 6, Salisbury's store | 9,186 |
| Precincts 2 and 6, Bates' and Humphrey's store | 3,250 |
| Precinct 4, Pratt's store | 1,368 |
| Precinct 4, Nash's store | 2,862 |
| Precinct 5, Fogg Memorial Library | 1,616 |
| The High School | 356 |
| | 27,287 |

Although the statistics of books loaned represent but a part of the library's usefulness, it is gratifying to note an increase in the circulation during the year, more books having been loaned for home use than during either of the two previous years. 1742 more books were sent to borrowers through the agencies than during the year 1900.

CLASSIFICATION OF CIRCULATION.

Arts, .019; Biography, .015; Fiction, including Juvenile Fiction, .746; History, .029; Literature, .018; Natural Science, .022; Poetry, .009; Social Science, .009; Religion and Theology, .003; Travels, .028; Periodicals, .102.

While there has been a marked increase in the per cent. of Fiction loaned (.051), still this is much lower than in many libraries. The increase was caused, doubtless by the publication of the Class-List of English Fiction in the latter part of the previous year. We hope that the new Class-List—Biography, History, and Descriptions and Travel—prepared this year will as perceptibly increase the circulation of the books in those classes.

EXAMINATION OF THE BOOKS.

The annual examination of the books was made as usual and 11 books are still unaccounted for. One volume reported as lost in the last report has since been found. 87 books have been withdrawn as too badly worn for circulation and 16 volumes loaned in families where cases of contagious diseases occurred have been burned. This is deemed necessary that no one need be apprehensive of contagion from using the library. 264 books have been rebound, besides the many books repaired and covered at the library. There are still more than 200 volumes soiled or worn that must soon be withdrawn. It is a question whether a library should replace worn out fiction or spend the money for new books, still it seems best that books continually called for should be replaced.

REGISTRATION.

348 new borrowers have registered during the year, making a total of 4150. As 172 were given special non-fiction cards, the number of cards issued were 520.

ACCESSIONS.

The number of accessions to date is 21,395, an increase of 743 volumes during the year. 60 volumes were gifts, and

89 volumes of magazines, bound and placed on the shelves. 128 volumes replace books worn out or destroyed. From the income of the Susannah Hunt Stetson Fund, 37 volumes have been purchased. These are listed in appendix C.

The Trustees have carefully considered all requests for purchases of books and when possible the books have been added to the library. A fac-simile of application furnished to those wishing to suggest the purchase of books is here given:

Weymouth,190 .

If clubs or students wishing special works for study during the winter would make out their programs early in the season and send the lists of books needed to the library, before the available funds were nearly exhausted, more books for such purposes could be purchased.

Since the establishing within the past few years, of the plan of Inter-Library Loans, it has been the privilege of the library to obtain for its borrowers loans of special works—those either out of print or too expensive for the library to own—from some of the larger libraries. This method of obtaining special books may be used by any one willing to pay the transportation charges.

It has been the policy of the trustees to duplicate popular works, buying from two to six copies of those novels in constant demand, but still it is impossible to supply every borrower with the desired book. This is a vexed question in all libraries, for while it is desirable to buy as many copies as will be needed and worn out, it surely is not wise to purchase so great a number of copies that

many will be left on the shelves when the demand has ceased.

Some of the more valuable books added to the library in 1901 besides those listed in appendix C., are:

Bailey's Great Painter's Gospel (722.123); Bartlett's Mechanical Drawing (727.149); Britton's Civil War on the Border (615.67); Carnegie's Gospel of Wealth (315.117); Chadwick's Life of Theodore Parker (912.94); Colby's Selections from the Sources of English History (622.54); Dinsmore's Teachings of Dante (124.34); Dwight's Virginia Campaign of 1862 (617.124); Eggleston's Transit of Civilization in Seventeenth Century (616.68); Farnham's Life of Parkman (913.70); Eugene Field's Songs, music by DeKoven and others (721.240); Grey's Australasia Old and New (635.49); Halleck's Psychology and Psychic Culture (316.95); Hart's Foundations of American Policy (612.148); Hart, ed., National Expansion; American History, told by Contemporaries, 3 and 4 (612.116); *Hazell's Annual for 1901; Holy Bible, American revised version; Hulme's Flags of the World (715.57); *Keltie, ed., Statesman's Year Book; Knackfuss' Durer (912.104); Landon's Principles and Practice of Teaching (313.132); *Larned, History for Ready Reference, v. 6; Latimer's England in Nineteenth Century (622.50) and Last Years of Nineteenth Century (633.43); Lesley's Recollections of My Mother (214.78); Mabie's William Shakespeare (912.98); McCarthy's Four Georges, v. 3 and 4 (623.37); MacCunn's Making of Character (313.130); Mahaffy's Rambles and Studies in Greece (232.88); and Survey of Greek Civilization (713.39); Michie's Gen. McClellan (916.45); Moulton's Shakespeare as a Dramatic Artist (820.39); Muller's My Autobiography (917.38); Newcomb's Stars; Oppenheim's Development of the Child (313.126); Powell's and Others' Physiography of United States (737.103); Thompson's Lives of Hunted (736.91); Shees' Life of Jesus of Nazareth (832.38); Rice's Animals (737.124); Richards' History of Marshfield (617.87); Taine's Journeys Through France (226.66); Wallace's and Others' Progress of the Century (732.99); Booker Washington's Up from Slav-

ery (913.80); Wendell's Literary History of America (111.52); Williams' Story of Nineteenth Century Science (731.154).

CATALOGS.

To make the library of the greatest possible benefit to readers a good catalog is a necessity. Up to 1900 the Class-List published in 1880 and the 33 classed bulletins were the only means of gaining a knowledge of the library outside of the card catalog. The trustees and librarian realized how discouraging it was to try to find a particular title from thirty-four alphabetical lists and planned to catalog the books by issuing class-lists periodically until the whole library should be cataloged. In 1900, Class-List No. 1, English Fiction was published, cataloging all books in that class in the library on Oct. 1, 1900. This year Class-List No. 2, Biography, History, Description and Travels has been prepared containing titles of all the books in those classes in the library on Dec. 31, 1901. This is the most valuable list ever issued by the library and will be appreciated by students and all readers who enjoy anything outside of fiction. Individual Biography is arranged alphabetically under the subject and History and Travels are classified by countries. History is further classified more or less minutely according to the importance of the subject and the number of books relating thereto, by epochs or periods. In 1902 the trustees hope to publish Class-List No. 3, Arts, Literature, Poetry, Social Science, Theology, etc. These three Class-Lists will form the foundation of all the catalogs of the library, the new books being cataloged in annual supplements or bulletins. In a growing library the only complete catalog must necessarily be the card catalog where the books as purchased may be entered under the author, title and subject. Here also analytical cards call attention to books containing important chapters on special subjects although the title may not give a hint of such matter. All students who can come to the library are recommended to use the card catalog. As has been the custom for some years the new accessions are

made known to readers by lists published frequently in the Weymouth Gazette. If these lists are preserved and added as published to the Class-Lists any borrower may have a complete catalog in his own possession.

WORK WITH SCHOOLS.

The teachers have borrowed 4,403 books on their special cards, a slight increase over last year. Still we do not feel that the teachers gain as much help from the library as they could. It is encouraging, however, to have children ask so often for special books, knowing that the interest in the books has been awakened by an enthusiastic teacher. We cannot at present arrange for a special Children's Room as is found in so many libraries, but they are cordially welcome to what privileges we may grant them and a goodly portion of the funds at our disposal is spent for books suitable for school work.

READING AND REFERENCE ROOM.

It is impossible to furnish statistics of the work done in the Reference department, of help rendered or the different works consulted, but this department has kept the librarian and assistants busy during the year. The Trustees have been glad that by means of the income of the Susannah Hunt Stetson Fund they have been able to add some valuable works of reference, such as Hasting's Dictionary of the Bible, 4 v., giving the results of the higher criticism.

Moulton's Library of Literary Criticism to be completed in 8 v. and Bailey's Cyclopedia of Horticulture, 4 v., the best work of its kind published. The reading room tables are supplied with many valuable periodicals that should be an inducement for more of our adult citizens to visit the library. A list of the magazines and papers received is given in appendix B.

The Magazine Music has been given for this department by Mrs. J. H. Tyndale and Mr. J. H. Gutterson has continued to furnish the Musician. The thanks of the trustees are due these donors as also others whose names are given

in appendix A. It is the desire of the librarian that the room be kept quiet and free from conversation and she requests that complaint should be made at the desk if a reader is needlessly disturbed. It is to be regretted that some persons have been so lacking in their appreciation of the privileges of a free library and reading-room that they have wilfully mutilated some of the magazines as well as marked in the books.

ART EXHIBITIONS.

The following exhibitions of pictures or photographs have been held in the reading-room: Rome, No. 1. Castle St. Angelo, St. Peter's, The Sistine Chapel; Perugia; Hawaiian Islands; English Country Churches; Photographs Illustrating the Country Traversed by the Denver and Rio Grande Railroad; The Original Drawings of the Youth's Companion. These exhibitions have given enjoyment to many, besides being of great educational value. Teachers, and those interested in young people should call attention to the exhibitions of the coming year as a pleasant means of obtaining knowledge.

In closing this report the Trustees call attention to the great loss the library as well as town has sustained in the death of the late Judge James Humphrey. He was continuously a member of the Board of Trustees from the institution of the library until his death, and was always a member of its most important committee the Book Committee. He was deeply interested in the welfare of the library, was ever mindful of the wants of the reading public, faithful and conscientious in the discharge of his duties, many times attending the meetings of the Trustees and Book Committee at great physical discomfort.

The Trustees desire to place upon record their appreciation of his untiring efforts in behalf of the library as well as his wise counsel and advice.

ANNUAL REPORT
OF
WATER COMMISSIONERS
OF THE
TOWN OF WEYMOUTH, MASS.

1901

WATER COMMISSIONERS.

AUGUSTUS J. RICHARDS, Chairman.

HENRY A. NASH, Secretary.

GUSTAVUS M. PRATT.

JOHN H. STETSON, Treasurer.

GEORGE L. NEWTON.

OFFICERS.

GUSTAVUS M. PRATT, Superintendent.

CHARLOTTE E. BRIGGS, Clerk.

GEORGE W. SARGENT, Engineer at Pumping Station.

Commissioner's and Superintendent's office at East Weymouth.

All bills made out and presented from this office.

Water rents payable April 1 and October 1, in advance.

WATER COMMISSIONERS' REPORT,

The Water Commissioners of the Town of Weymouth respectfully submit their annual report: —

In making up our accounts for the past year we have charged to deficiency account the amounts misappropriated by Mr. Ries on payroll account during the year. Deficiencies during the previous years caused by over drafts on payrolls are still included in the various accounts, mostly in Construction account. The amount of these has been reported to the town by the special committee appointed for that purpose.

Immediately after the arrest of Mr. Ries, in June, all of the books and papers in the Superintendent's office were placed in the hands of the Auditors of the town and their examination had not been completed at the time of the appointment of a Special Committee by the town to investigate the affairs of the Water Department. Upon the recommendation of this committee and at their request, Messrs. Newell and Spurr, expert accountants were employed to make an examination of the books of the Water Department from the beginning of the works and in August all books and papers belonging to the department were placed in their hands and they have been returned so recently that the time at our disposal has been insufficient to enable us to examine the books and payrolls and to determine the different items which had been included in the accounts of Mr. Ries to cover the amount of his shortage. When determined, these amounts will be transferred to the deficiency account and credited to the accounts to which they have already been

charged. Gustavus M. Pratt was chosen superintendent of the works on the 24th of June at a salary of \$1,400 per year and he still holds that office. George W. Sargent continues as engineer at the Pumping Station at a salary of \$900 per year and Miss Charlotte E. Briggs as clerk at a salary of one dollar per day. An appropriation of \$3,000 is asked for the purpose of making such extension as may be deemed necessary during the ensuing year, also an appropriation from the revenue of the works to be applied as follows : —

| | |
|-----------------------------------|-------------|
| Interest on bonds | \$18,280 00 |
| Payment to Sinking Fund | 9,140 00 |
| Superintendent's salary | 1,400 00 |
| Maintenance of works | 1,700 00 |
| Pumping Station | 2,650 00 |
| Current expenses | 200 00 |
| Commissioners | 300 00 |
| Office expenses | 700 00 |
| | <hr/> |
| | \$34,370 00 |

AUGUSTUS J. RICHARDS,
HENRY A. NASH,
GUSTAVUS M. PRATT,
GEORGE L. NEWTON,
JOHN H. STETSON,

Water Commissioners.

January 1, 1902.

We have examined the accounts of J. H. Stetson, Treasurer of the Weymouth Water Loan Sinking Fund account and have found them correct.

WALTER L. BATES,
JOSEPH W. VINAL,
RUSSELL B. WORSTER,

SUPERINTENDENT'S REPORT.

To the Board of Water Commissioners:

GENTLEMEN: I submit my report to January 1st, 1902.

On June 24th, 1901, at your request, I assumed the duties of acting superintendent of the Water Works. In doing so, I expected that the difficulty which we were in would be speedily settled, and that we would be in a position to appoint a permanent superintendent. In this direction I have been disappointed, but have continued in that capacity and am still doing so and have done as well as I knew how for the interest of the department and of the town.

POND.

Everything necessary around the pond has been attended to. The water has been of the usual quality and color, as shown by the report of the State Board of Health, found elsewhere in this report.

PUMPING STATION.

The pumps and boilers are in good condition with the exception of one boiler, which I recommend be reset early the coming season. All the necessary valves, springs and tubes have been put in from time to time and the Hartford Boiler Inspection Company report the boilers in good condition.

STAND PIPE.

The latter part of October and first of November the stand pipe was emptied and thoroughly cleaned inside, and I would recommend that the exterior be scraped and painted the coming season, as it is now showing the need of it very much.

MAINS.

They have been but a very few leaks the past season in the mains. What leaks have occurred have been promptly repaired and, as far as anyone can see, the mains are in good condition.

HYDRANTS.

Hydrants have been added as is shown in list of extensions later in this report. The hydrants have been looked after and thoroughly painted the past season.

GATES.

The gates during the past season were thoroughly attended to. Every gate in town having been visited and tried and, with the exception of one gate and a very few boxes, were found to be in excellent condition.

BOOKS.

At a meeting of the Board, I was instructed to see what I could do in regard to a new system of bookkeeping. With the aid of Mr. J. W. Vinal of the Board of Auditors and Mr. W. C. Newell of Winchester, an expert accountant, a new register was procured which I think met with your approval. That and other books ordinarily in use in other offices have been in use since that time.

COLLECTIONS.

At a meeting of the Board, I was appointed collector of Water Rents and so advertised in our town paper, since which time, I have acted in that capacity. The result of which the books of my office show.

STATEMENT OF WATER ACCOUNT TO 1901.

| | | |
|---|------------|------------|
| Rents due January 1st, 1901 as per Register book | | \$4,688 89 |
| Rents checked on Register book, not paid to Treasurer | | 1,874 46 |
| | | <hr/> |
| | | \$6,563 35 |
| Rents paid since January 1st, 1900 | \$1,405 70 | |
| Rents due (good accounts) | 813 33 | |
| Rebates made previous to January 1st 1900, not charged off on Register book | 373 08 | |
| Doubtful accounts | 345 02 | 2,937 13 |
| | | <hr/> |
| | | \$3,626 22 |
| Rents checked on Register book, not paid to Treas. | 1,874 46 | |
| In December, 1900, rents were received and credited by J. H. Stetson, treasurer, and coupons delivered to Mr. Ries, but were not returned to the Water Office and not checked up on Register book | 1,575 60 | |
| Cash collected by Mr. Ries which does not show on either book | 176 16 | \$3,626 22 |
| | | <hr/> |

| Accounts due for 1901 | 5,949 49 | |
| Unaccounted for | 3,626 22 | \$41,073 64 |

NOTICE.

In account from October to April, 1902 will be found rebates for \$204.50 which, unexplained, may seem large. The same is explained as follows :

In the new system of bookkeeping, all rebates given, are shown as such. Previous to this time, many of the rebates given were taken care of in this way :

Erasures were made on charges and the amounts charged were reduced that amount.

| | | |
|--|--------|------------|
| Labor and material charges for 1900 | | \$1,621 41 |

SERVICE PIPES.

Twelve leaks have been repaired during the year. Fifty-one new service pipes and sixteen old services have been relaid as follows : —

| | |
|--|--------------|
| 44 $\frac{3}{4}$ -inch lead | 1,180.5 feet |
| 3 1-inch lead | 52. “ |
| 16 $\frac{3}{4}$ -inch galvanized iron | 142.8 “ |
| 4 1-inch galvanized iron | 103.5 “ |
| | <hr/> |
| | 1,478.8 feet |
| Number feet of service pipe relaid | 387.0 “ |

Number feet of new service pipe laid . . . 1,091.8 feet

Two thousand six hundred and eighteen service pipes have been laid to date, of these there are seven that have not been let on and twenty that have been discontinued. Number of feet of each size laid as follows : —

| | | | | | | | |
|------|-------------------------------|---|---|---|---|---|---------------|
| 2301 | $\frac{3}{4}$ -inch diameter | . | . | . | . | . | 53,755.9 feet |
| 242 | 1-inch diameter | . | . | . | . | . | 6,887.2 “ |
| 3 | $1\frac{1}{4}$ -inch diameter | . | . | . | . | . | 83.3 “ |
| 24 | $1\frac{1}{2}$ -inch diameter | . | . | . | . | . | 994.0 “ |
| 36 | 2-inch diameter | . | . | . | . | . | 794.5 “ |
| 1 | $2\frac{1}{2}$ -inch diameter | . | . | . | . | . | 17.0 “ |
| 2 | 3-inch diameter | . | . | . | . | . | 44.1 “ |
| 6 | 4-inch diameter | . | . | . | . | . | 136.0 “ |
| 3 | 6-inch diameter | . | . | . | . | . | 53.0 “ |

Total length of service pipe . . . 62,765.0 feet

Number miles of service pipe . . . 11,887.0 “

Fifty-five water takers have been added this year, making the total number to date two thousand seven hundred and forty-nine.

Fifty-seven services are shut off temporarily on account of vacancy and ten are shut off for non-payment of rent.

Water is supplied to the following : —

| | | | | | | | | |
|------------------|---|---|---|------|--------------------|---|---|-----|
| Families | . | . | . | 2672 | Manufactories | . | . | 24 |
| Stores | . | . | . | 62 | Barber Shops | . | . | 9 |

ENGINEER'S REPORT.

To the Weymouth Water Board:

S. WEYMOUTH, January 1, 1902.

GENTLEMEN: —I respectfully submit the following for the year 1901. The Blake pump has needed twenty-four new springs, one two inch throttle valve, new piping in returns from jackets.

The Blake vacuum pump has needed twelve new valves and springs.

The Blake Feed Pump has needed four new valves and four springs.

The Deane pump has needed four more bolts in the low pressure cylinders and new pipe in the return from jackets also twenty-eight new springs.

Both boilers have needed an inch and one quarter valve in feed pipe, also new lining in the fire boxes, also one new tube each.

I have attended to thirty-five alarms during the year, on the following dates:—

January 6, 29; February 3, March 14, 19, April 10, 27, 29; May 4, 6; June 13, 17, 20; July 4 (3) July 23 (2) 27; August 5; September 16; October 24, 31; November 5, 10, 15, 17, 25; December 1, 3.

GEORGE W. SARGENT,

(M. L. S.)

REPORT OF THE BUILDING COMMITTEE FOR THE NASH SCHOOL HOUSE.

Your committee, at the last annual meeting, asked for an appropriation of \$300.00 for the purpose of putting an additional coat of paint upon the house and for work upon the grounds, which was granted by the town.

We have had the paint applied at a cost of \$79.40 and have paid a bill for grading of \$25.00, also a bill for furnace work of \$4.10, making in all \$108.51.

It was the intention of the committee to have made an asphalt walk, four feet wide, around the building to prevent the brick work from becoming defaced by reason of the dirt splashing upon it, and a contract was made for the performance of the work, which was to have been done in September; but the contractor after getting part of his material upon the grounds and making repeated promises, failed to perform the work until the ground froze, and it remains undone. We would suggest, that unless the town sees fit to continue the committee another year, that the balance of \$191.49 be placed to the credit of the School Committee and the work be completed by them.

Respectfully submitted,

BRADFORD HAWES, *Chairman.*

T. L. TIRRELL, *Secretary.*

For the Building Committee.

ANNUAL REPORT
OF THE
SCHOOL COMMITTEE
OF THE
TOWN OF WEYMOUTH.

We have endeavored to have all outstanding bills presented and paid, and with the exception of a bill for fuel amounting to \$197.72 from J. F. Sheppard & Sons, which remains unpaid, we believe that our financial statement as submitted above will give a correct representation of the condition of our schools from that standpoint.

It should be borne in mind, that, whenever the balance of cash on hand January 1st, of any year, where there is a payroll of \$3,250.00 per month to maintain, a deficit at the close of the year, April 1, is inevitable, and also that it must be considered.

There have been several unusual and extraordinary expenses during the year which were beyond our power to anticipate in our last report.

One night, during the first part of the summer vacation, a fire, probably of incendiary origin, broke out in the Howe School. The building was so badly damaged that extensive repairs were necessary. The fire burned into the second story and broke through into the schoolrooms, but owing to the thoughtfulness and care on the part of the firemen, the damage to school furnishings and supplies contained in the

building was comparatively small. The building was thoroughly repaired. The expense of about \$1,600 being paid out of the school appropriation.

The new building which was erected at Nash was heated and ventilated under the approved plans of the State Board as prescribed by law. This has necessitated an increased coal consumption and a larger expense for janitor. Upon the completion of the new building at North Weymouth our fuel account must be still greater. The price of coal has been steadily increasing during the last few years, and as our estimates are based upon the expenses incurred during the years immediately preceding our reports, we find that the outlay has largely exceeded our expectation.

With the construction of new buildings we are obliged to provide suitable means for ventilation and heating under the direction of the state inspectors. Over this the School Committee have no control but must provide the fuel which is largely in excess of the requirements under the old methods of heating without ventilation.

Below is a table showing the cost of fuel for all the school houses during the last five years.

| | | | | | | | | | |
|--------------------------------------|---|---|---|---|---|---|---|---|------------|
| 1897 | . | . | . | . | . | . | . | . | \$2,427 05 |
| 1898 | . | . | . | . | . | . | . | . | 2,185 75 |
| 1899 | . | . | . | . | . | . | . | . | 2,804 94 |
| 1900 | . | . | . | . | . | . | . | . | 2,670 98 |
| 1901 | . | . | . | . | . | . | . | . | 3,507 00 |
| 1902 estimated cost of fuel \$3,600. | | | | | | | | | |

The school supply account is larger than our estimate by nearly \$500.00. For several years past the expenditure under this head has been kept down so low, that the permanent supplies, — books, maps, etc.—have not been kept up to the requirements of the schools. The books became so dilapidated that a demand for a larger supply than usual was an imperative necessity. While the supply expense is several hundred dollars larger than for a number of years previous, the committee believe that the Superintendent of

schools has practiced as good economy in the expenditure as was consistent with good management.

Our supply account includes everything used in the school-room, the Superintendent of schools giving personal supervision to the expenditures, the cost being only \$1.50 per pupil for the year.

The repairs made during the past season have been such as were absolutely necessary to keep the buildings in fair condition. We again recommend an additional appropriation for this purpose. This policy of patching buildings from year to year, instead of doing all that is required at the time, will ultimately become exceedingly expensive, as is plainly proven in the case of the old Athens building, which has become practically worthless.

A new sanitary out building has been constructed at the Bicknell School.

The rooms in the Washington and Jefferson schools have been tinted and many repairs of a minor character made.

New adjustable seats have been put into one room at the Tufts School, and considerable inside painting done. This building, owing to faulty construction, has spread badly and will have to be supported with iron rods. Some of the rooms need to be resealed with adjustable furniture.

A much needed sanitary out-building has been constructed at the Tufts School, and a new floor laid in one room.

The Pratt has been supplied with a furnace, the old one from the Shaw School being utilized for the purpose.

The repairs at the new school building at Nash are those incidental to the establishment of a new school in the vacant room, which includes new furniture:

The Thomas school building has been painted, and the Pond, Hollis and Bates have also received necessary attention. At the High School, some painting has been done, and other repairs made, necessary to keep the building in first-class condition. The pupils have collected by subscription about \$130 for the purpose of erecting a flag staff on the lot. The statutes provide that flags shall be kept flying

on all public school houses or grounds during school hours, and no building can be considered as completed within the meaning of the law, unless provided with a flag.

During this coming year the ordinary repairs that will have to be made, such as painting, repairs to heaters, grading, etc., will aggregate at least \$3,000. There are several buildings that must be painted and much work that ought be done inside, as well as the usual grading of the school yards.

At the annual meeting of the School Board, which was held in March, as provided by the school regulations, Mr. Andrew S. Thomson was re-elected to the position of Superintendent of Schools for the ensuing year, at a salary of \$1,400. A law was passed by the General Court which came into effect in 1901, providing that school committees in every city and town in the Commonwealth should elect and employ a superintendent of schools. For many years it has been the custom in Weymouth to have an article in the warrant for the annual town meeting "to see if the town will vote to instruct the school committee to employ a superintendent of schools." Hereafter this vote and article in the warrant will be unnecessary, as the statutes require the employment of a superintendent by the committee, and the town must provide for the maintenance of the office.

At the annual town meeting, it was voted to appropriate \$25,000 to erect and furnish, complete, a schoolhouse in Ward 1, adequate to accommodate at least 350 pupils. Also that all the final plans and specifications be submitted to the school committee for their approval before making any contracts. The building committee selected the plans for the construction of the building and for heating and ventilating the same, which were duly submitted to the school committee for their approval. After a careful examination of both plans and specifications they were unanimously approved.

The plans submitted for the building were made by Loring & Phipps of Boston, and for the heating and ventilation by the Magee Furnace Co. of Boston. We understand that the plans for furnishing have not been considered by the build-

ing committee, therefore they have not been submitted for approval to the School Committee.

As the vote did not provide for the purchase of a site for the new building it was assumed by both Building and School Committees that it was the intent of the motion to construct the new building on the lot occupied by the old Athens building. The request of the building committee for the right to remove the old schoolhouse was granted, with the understanding that suitable provisions should be made for the accommodation of the pupils in the same, until the new one was completed, all the expense to be borne by the building committee. Everthing has progressed satisfactorily to the School Committee and the pupils have nearly as good accommodations as they had before the schoolhouse was moved.

The new building will contain large, light and well proportioned rooms, properly heated and ventilated. There will be large and well arranged corridors with ample provision for the wardrobes. Two of the rooms are so arranged that they can be thrown into one, thus making a very necessary assembly hall. The sanitary and playrooms are in the basement and are constructed in accordance with the requirements of the State. When completed, we believe that this building will meet all the requirements of this section. Should the place grow in population it will unquestionably be in the direction of Quincy, and when required, another building should be constructed in that part of the ward.

As soon as arrangements are completed to occupy the new schoolhouse, a new school or grade must be opened — as all the rooms in the old buildings are now full and several children are out of school by reason of the lack of satisfactory accommodations.

Another school has been added to the Shaw. The vacant room in the Nash building being occupied for that purpose. Also in the Bates School a fifth grade has been opened. The

Thomas School is closed, and the pupils transported to the Howe School.

The appropriation for the transportation of pupils who reside a long distance from the school which they attend, furnishes conveyance for all pupils who reside in South Weymouth to and from the High School. Also to pupils residing near the southerly end of Summer Street and to those living near the Town House and attending school in Ward 3. For those who are physically unable to walk, tickets are provided. When the weather is inclement, tickets are given to pupils residing asuch at distance from the school as would seem imprudent to walk.

Owing to the changes in our schools in South Weymouth and North Weymouth, which will occur during the coming year, it will be necessary to appropriate at least \$1,500 for transportation.

The increase of the appropriation becomes necessary by reason of increased consumption of fuel, and the establishment of two new schools.

This estimate does not include the deficit for the past year caused by the fire in the Howe building and the large outlay for fuel, which amounts to \$3,000.

Respectfully submitted,

WILLIAM A. DRAKE,
BRADFORD HAWES,

| Balance to be raised by taxation | | \$45,389 50 |

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

Gentlemen of the School Committee of Weymouth:

It gives me pleasure to submit to you my second annual report of the condition and progress of the schools of the town of Weymouth during the last year.

Since the State Board of Education requires statistics to cover a school year from September to June, the appended tables of statistics refer to the school year beginning September, 1900, and ending June, 1901. My report in regard to school work and conditions, however, has reference to the calendar year from the date of the last report, January 1st, 1901, to January 1st, 1902.

The school work has continued to advance along the general lines laid down last year. The improvements brought about have been gradual in order that sudden changes which are always detrimental to good results might not be felt. Hectograph copies of the work to be accomplished in the several grades have been placed in the hands of each teacher. These notes have been prepared with reference to the ideas and experience of the best modern educators. An effort is made to get the child into near relation even in contact with the objects about which they are to learn. It is our great aim to build up associations in the child's mind so that a network of crossing lines of thought may constantly be affecting each other. His mind becomes like the kaleidoscope; with a certain limited amount of material he can produce infinite combinations of thought. His mind is not like a wax tablet stamped with clear, but isolated facts, but rather a vibrating fluid responding to all impressions by

calling into play any previous conceptions which may aid in making clear and permanent the new impression. He is storing mental images which are definite as images yet associated as ideas, so that by his large resourcefulness he can be relied upon to appreciate the relation of near to the remote, of the object perceived to the unseen object described. The effort should not be to merely have a store house of knowledge with no power to apply it. Every increase of knowledge should be an advance in power and usefulness. Have the child learn by doing, train the hand and eye as well as store the mind and thus increase the usefulness of the individual.

I believe that we are getting more valuable work in arithmetic than heretofore. We are continuing the mental work by the use of many practical and concrete problems. We endeavor to have the mechanical operations in numbers performed with rapidity and accuracy in the intermediate grades leaving more abstract work for the maturer children. There has been a change in the arithmetic used in the fourth, fifth and sixth grades. Nichols' "Graded Lessons" have been introduced.

Another change is from the vertical to a medial slant system of writing. There is no intention to return to the old forty-five degree slant, but simply to have enough slant to allow more beauty and speed and yet preserve legibility. Considerable difficulty has been experienced in making the change but as soon as the pupils become accustomed to the new system satisfactory results in writing will be obtained. Copy books are of little use after the sixth grade. Children of average ability have learned the form and proportion of letters before the seventh grade is reached. Actual writing in composition and practice in movement is then the need. Practising for speed and yet maintaining the best writing is what the teacher should insist upon from the pupils. Whether in language, geography, or history only neat, legible written work should be accepted in the blank books.

Never before has the scope of work been so large and the

requirements so great in the school. It is the unifying agent of a population of all nationalities, tastes, creeds, inheritances and environments. It gives home training not only to those who appreciate education but also to those whose attendance it is necessary to compel by the laws of the state. That "atmosphere" of the schoolroom which builds up the moral stamina of children cannot be tested by examinations or recitations. Everything which goes to build up the mental or physical foundations of the pupils affects the moral atmosphere. The teacher who has power to uplift, to inspire with love of work and high ideals by her personality may well be excused for small defects in methods of teaching, though these need not exist. Teachers can gain this power by keeping themselves healthy and strong physically, and by keeping in touch with the great moral leaders of our time. A teacher who does not hear some of the great lecturers in our vicinity fails to be as great a quickener in the lives of her pupils as she might and should be. The refinement and appearance of the teacher, the neatness of the schoolroom, the tidiness of the children, their attitude toward the teacher and each other, all go to show whether an uplifting influence is being exerted. The public school to-day takes all the children of a community and strives to give them back able to appreciate good citizenship, to make them constructive in the forces of their town. It is evident from this that the whole child must be educated. His physical condition must be improved, his mind must be developed and trained, and his moral ideals must be raised. The school must be surrounded by conditions which will assist the teachers in their stupendous task. Teachers will be aided by having their rooms well cared for and kept in good condition.

I quote from the regulations: "They (i. e. janitors) shall sweep the floor and dust the school furniture, at least twice each week, shall clean the windows, doors and other wood-work, and dust blinds and walls as often as necessary. . . . Janitors are directly under the control of the superintendent."

The regulation in regard to cleaning windows and woodwork during the school year has become almost a dead letter in most of the school buildings. Several of the janitors have been spoken to about the windows and woodwork but they claim that they do all they can for the compensation they receive in sweeping and dusting twice a week and running the fires. Janitors should be paid enough for them to be willing to give time to keep the school rooms clean. All school room floors should be oiled early in the summer vacation.

A great improvement was made in several of the school rooms last summer. The tops of desks were smoothed and varnished, walls were tinted, and floors were oiled. The repairs in the Howe building have added very much to the appearance and character of the school. The new floor and adjustable seats in the Tufts school has proven a great benefit and pleasure to the children. The upper room in the Lincoln school is in much need of new seats, as the present ones are not only old, but badly out of proportion to the size of the children. The new sanitariums at the Tufts and Bicknell schools are a decided betterment. The physical well being of our race is a potent factor in controlling the moral status of our people. Considerable improvement has been made in the condition of the books in use in the town. There are yet many books, both in the High School and in the graded schools that are very badly worn. Owing to the expense of books and our limited means to buy them, this change has to be brought about gradually. Before the close of another year, at the present rate of improvement, the books of the town will be in excellent condition.

It is a well established principle of education that the mind is best trained by doing; that muscular activity subserves mental discipline. I had hoped that the work in drawing would be well organized under a special teacher this year, as this line of work is one of the weakest in our school curriculum. During the last spring term the teachers hired Miss Bailey to outline and criticise the work done in the schools. A good start was made. A teacher was em-

ployed for one day a week for a few weeks last fall, but it soon became evident that the appropriation was running short, and her services were dispensed with. The town ought to have a teacher who will supervise the work in the graded schools, and offer a course in each free hand and mechanical drawing in the High School.

The ladies of the Old Colony Club have generously interested themselves again this year in providing an instructor in sewing for the pupils of Bates School. This work is a pronounced success. Not only are the girls learning an art which will be of material assistance all their lives, but they are also learning neatness, accuracy and facility of work. As an accompanying training for the boys, the citizens of South Weymouth employed a teacher of sloyd for the Bates School during the three months of the last spring term. All parents, pupils, teachers and observers were delighted with the results. Such work is too expensive to be carried on permanently by private enterprise. It is to be hoped that in the near future both these branches of manual training, sloyd and sewing, will be a regular part of the work of all the schools.

A change in the course of study of the High School was considered, but as there was no provision yet made for the establishment of a department for shorthand, typewriting and drawing, it was thought unwise to make a change until something was done in this department. It is hoped that an appropriation will be made so that such a department may be started at the beginning of the next school year. The parents who cannot well afford to send their children out of town for these utilitarian branches are the very ones upon whom the expense now falls. I believe it is the duty of the town to provide the needed instruction for this class of students. Another need of the High School arises from the fact that there is at present only one teacher who has specialized in the sciences, and there is much more work in that line than one can do. I would, therefore, suggest that when-

ever another vacancy occurs in the High School, it shall be filled by a teacher who has specialized in the sciences.

When school opened in September it was found that the primary room in the Nash School and the fifth and sixth grades room in the Bates School were overcrowded. The vacant room in the Nash was opened and another school organized. This gave the first and second grades, instead of three as formerly to the primary, the third and fourth in the next room, the fifth and sixth in the third room and the three grammar grades in the last room where there had been four grades previously. All who have visited this school have seen what an excellent state of affairs exists throughout the school. The room in the Bates School containing the fifth and sixth grades numbered fifty-six, more pupils than one teacher can handle successfully in two grades. As the Thomas School was very small it was deemed wise to close it, to transport the children and to transfer the teacher, giving her the fifth grade in the vacant room of the Bates. The result is a decided improvement in the schools of the village of South Weymouth.

Another improvement would be the transporting of the ninth grade from the Pratt, to be consolidated with the ninth of the Bates, having but one grade in that room. If this plan is not adopted, there certainly should be a rearrangement of the grades in the Pratt and Holbrook Schools by which the first three grades should be in the Holbrook, the fourth, fifth and sixth in the lower room of the Pratt, and the seventh, eighth and ninth in the upper room of the Pratt. The number of pupils in a room does not always indicate the difficulty of accomplishing the work. In a grammar school of four grades it is impossible to complete the work required with any degree of thoroughness.

When a pupil has so far lost self-respect and self-control that physical pain seems the only means of recalling his ability to hold himself to school discipline, corporal punishment is used as a last resort. Where corporal punishment is employed at all, accidents are likely to occur due to the

resistance of the pupil. Unless the injury thus inflicted is really serious, parents and school authorities must remember that it is better for the good of the whole school that the authority of the teacher should be sustained without disturbance.

The work of the school is not only the promotion of learning, but also the advancement of every form of thrift which shall produce self-reliant citizens. Children should early learn the habit of saving, rather than that of spending every penny they can secure for candy or some personal luxury. In many places a penny saving system is conducted by the schools. The child brings his pennies to the teacher, who gives him in return a stamp for each penny brought. These stamps are pasted into a book furnished the pupil. When he has two dollars deposited he gets a bank book. The money is generally placed in the local bank by the principal of the school. Money can be withdrawn by the child upon the request of his parents. A saving system of this kind could be managed in some, or perhaps all, of the schools of Weymouth.

Under a graded system of schools, where every teacher is urging her class in order that it may be well prepared for the next grade, the pressure is often great. Subjects may have been well and thoroughly taught in the lower grades, but owing to a lack of maturity certain pupils do not retain the more intricate reasoning processes involved, therefore when the subject is drawn upon in the higher grades a seeming lack of preparation sometimes appears. This is especially true of the period connecting grammar and high school.

An increasing interest in school work has been shown during the past year by the number of parents and friends who have visited the schools to observe the ordinary routine of exercises. We are glad to see the people of the town in the schools on days when some special programme has been arranged, but much more pleased to see them listening to regular recitations and observing the work under its daily

order. A day was appointed last spring when the citizens were especially invited to all of the schools with the understanding that the usual work should progress as though no visitor were expected. During the coming spring term other days will be appointed for encouraging visits. The members of the women's clubs have made systematic visitations to the schools and many good suggestions have been made as a result. This effort is appreciated and we hope for a continuing increase in these manifestations of their interest.

As my services to the town of Weymouth will not extend beyond the present school year, I take this opportunity to express my deep appreciation of the teachers for their cordial co-operation; my gratitude to the citizens for their encouragement and hospitality; and also to thank the school committee for the support given me.

Respectfully submitted,

ANDREW S. THOMSON,

February 3, 1902.

Superintendent of Schools.

APPENDICES.

I. Report of Principal of High School.

Mr. A. S. Thomson, Superintendent of Schools :

Dear Sir:—I herewith submit my sixth annual report of the Weymouth High School:—

The school opened in September with an enrollment of two hundred thirty-nine pupils divided by classes as follows: senior, thirty-nine; junior, thirty-nine; sophomore, sixty; freshman, one hundred one,—probably the largest entering class in the history of the town.

The accompanying table will show the number of pupils entering the high school from the different grammar schools of the town:

| SCHOOL. | Graduated from Grammar School June, 1901. | | Entered High School September, 1901. | | Total Graduates. | Total Entered. |
|------------------|---|--------|--|--------|------------------|----------------|
| | Boys. | Girls. | Boys. | Girls. | | |
| Athens | 5 | 8 | 4 | 6 | 13 | 10 |
| Bates | 12 | 16 | 8 | 10 | 28 | 18 |
| Franklin | 17 | 24 | 13 | 22 | 41 | 35 |
| Hunt | 10 | 14 | 9 | 10 | 24 | 19 |
| Pratt | 3 | 6 | 2 | 4 | 9 | 6 |
| Shaw | 4 | | 4 | 5 | 9 | 9 |
| From other towns | | | 2 | 2 | | 4 |
| | | | | | 124 | 101 |

Average age of class, 14 years, 9 months.

In June the school graduated a class of forty-four; nineteen boys, twenty-five girls. Of this number, nine entered college; nine, business colleges; seven, normal and training schools or teaching; fifteen, business; one, study of music; three are unemployed.

Much attention is given by the teachers to the care of the building, but we are unable to win from all of the pupils a proper respect for their building. Even if the building had faults of plan and structure it would not appear a sufficient reason for its early destruction which the open criticism made by entire strangers to the building encourages in the minds of some boys and girls. There is still a strong temptation on the part of some to carve their names or some design on a desk cover, but the expense of scraping and polishing the desk has generally been a permanent cure for this mania. It is not, however, always easy to find the guilty one and our desk covers show many unnecessary marks.

It has been impossible to follow the course of study prescribed for the high school, so a temporary course was suggested by the former superintendent which has been followed in general, and its main features have proven very satisfactory for our school but it was not designed to be permanent. I submit with this report a copy of the present course of study and if no changes are to be made I recommend that it be printed that parents may have copies and be able to aid their children in the selection of a course. I would, however, suggest some changes such as will tend to make the course equally attractive and helpful to all.

I am not yet a believer in a complete elective system in our high schools, but rather in a single course having a basis of requirements for all in subjects like Algebra, History and Government, and English with an opportunity for election outside of these subjects. Our course will be seen to have such a basis.

The course in English and History I consider especially good and I doubt if it can be much improved for the time

we are able to allot to this work. Our course does not offer in some cases any chance of selection; for instance, if during the first year a pupil has taken Latin and been fairly proficient in the subject he has on entering the second year the choice of only Greek or Chemistry. We discourage the study of Greek except for those who are preparing for college. If a pupil has not taken and does not wish to take Latin his course becomes prescribed for the entire four years.

Of the sixty pupils who began the second year in September, 1901, eight had left in January, 1902, all of whom were from the division taking this course.

I do not know whether our system of reporting a pupil's work to the parents can be readily changed or not, but it is certain that our reports either mean little to parents or are not understood by them. All marks below seventy per cent. are entered on the card in red and when the general average falls below seventy per cent. the report is usually accompanied by a note calling the attention of the parents to the unsatisfactory character of the work being done, but even this does not accomplish all that we wish. A mark of sixty per cent. is not at all uncommon and is, I suspect, regarded by the parents as a good mark, probably because it is a somewhat large number—it not being understood that the mark is intended to convey the information that the pupil is doing poor work.

Allow me to quote from a *Journal of Education*: “Pupils’ records should be just, and any system of records which does not also take account of diligence and effort is discouraging to the class of pupils most needing and most deserving of recognition. Good, honest effort is usually the key to success—the world so regards it, and pupils’ records should be flexible enough to recognize it. The bright boy who easily gets one hundred per cent. in his recitations and tests may possess fewer of the elements of the good student than the plodding boy who gets but eighty per cent. And it is one of the advantages of recording by such words as good, fair,

poor, and very poor, or their initials, that both such boys can be marked good in their work. Inflexible per cent. and number systems have been responsible for many heart-burnings and unworthy rivalries, and it is well that their day is passing."

I would also like, through you, to call the attention of parents to the lunches that their children bring to school. Leaving home as most of them do by eight o'clock or earlier in the morning and not being able to get home again until 2.30 or 3.00 o'clock in the afternoon, it seems to me that more care should be given to this matter. It is a long time for any workman to go without food, though many of our boys and girls come to school without any lunch or only a bag of candy—inquiry showed thirty such cases one day. Such conditions are not productive of sufficiently good health to meet the demands made of pupils at the high school.

Again, if parents would have an oversight of the study hours at home and see to it that provision is made for regular out of door exercise as well as that their children may have definite hours and a quiet room for a study, much of the complaint of overwork and ill health which is charged to the high school would disappear.

Only one important change in texts has been made during the past year: the adoption of the Scott and Denney Elementary English Composition in place of the Reed and Kellogg Higher English. Other changes of some of our antiquated texts for up to date books should be made as soon as money can be spared for the purpose. We also need a new piano, and a modern encyclopedia and other reference books in our library. Most such books added during the past six years have been bought with funds raised by some public exhibition or private subscription—the first method can be employed only at a heavy cost to the regular work.

Six young ladies of the school have recently solicited a fund amounting to nearly one hundred thirty dollars for the erection of a flag staff on the high school grounds and I now

hold that sum awaiting the action of the school committee.

In a school of the size of this one much care must be given to details of management and to the uniform and systematic movement from one recitation room to another, and I venture to say that there is not another high school building of its size in the state that is not equipped with a programme clock which once set rings bells in every room and announces the end of periods for every day throughout the year, whereas in our building at least one teacher must keep the bells continually in mind. If I was offered my choice of another assistant or a programme clock for the coming year I would without hesitation select the clock. Cannot something be done to give us this much needed equipment?

The usual number of changes has been made in our corps of teachers, but while such changes are to be deplored it has resulted this year in the most united body of teachers we have had since I have been in the school and it has further resulted in a much better spirit throughout the school.

I do not know how to emphasize a matter of which I have made mention on previous occasions ; that is, that we should have two teachers for distinctly scientific subjects that all of these studies may be made as profitable and interesting to the large majority of the school as only a specialist in that work can make them. Only about one-half the science work is done by a specialist.

Thanking you and the committee for your cordial support, I remain,

Very respectfully yours,

EDMUND J. BUGBEE.

II. Report of the Supervisor of Music.

To Mr. A. S. Thomson, Superintendent of Schools:

Dear Sir: I beg to submit the following report of the condition of the music in the schools of Weymouth.

The plan of work is about the same as last year, for instance, all the teachers have been furnished with an outline of the work that should be done during the year; supplementary work is supplied by the supervisor as the classes advance, such as oral and written dictation, interval work, scale and melody writing. Written work in music is of the utmost importance in order to reach the individual.

Music is on a firm foundation in our schools, the teachers and pupils are willing to teach and learn one of the most elevating of all studies; its influence is felt in discipline, patriotism, and morals.

In arranging a course of music for a child it is necessary to follow the natural development of his faculties. There are two essential things to be considered in his musical education: First, the appreciation and love of music; second, the ability to read at sight, etc. These two phases of work are in no way adverse to each other; the child can only grow properly in each through the influence of the other. The simple truth is, that neither is complete without the other, their relation must be definitely established and continuously sustained.

I recommend that music in the High School be an elective study so far as relates to those pupils who have no special talent for music, the decision as to who shall be excused from this study shall be made by the supervisor of music and the High School principal. This would reduce the number possibly fifteen per cent., thus insuring more rapid progress and further advancement, greater skill and proficiency among those who elect this subject.

Better results would be obtained with less expense in this department.

The School Committee and parents are cordially urged to examine the music in our schools, and I hope to find more visitors this year in the different buildings than last; I shall take pleasure in explaining the workings of the system to the best of my ability in all grades of the school work.

To the teachers to whose earnest efforts the success attained by the school is due, and to the Superintendent and School Committee for their sympathetic encouragement in all that pertains to the welfare of the schools, I wish to express my gratitude and appreciation.

Respectfully submitted,

A. J. SIDELINGER,
Supervisor of Music.

NORTH WEYMOUTH, Feb. 1, 1902.

III. Roll of Honor.

This list includes the names of all pupils who were not absent a single session during the school year 1900-1901. The star indicates that the pupil was also not tardy during the year.

IV. Graduation Exercises.

HIGH SCHOOL.

The High School for the year has been in charge of the same faithful and earnest worker, Edmund J. Bugbee, and the thousand people who attended the graduating exercises went away more than pleased with what they saw and heard.

The exercises of the afternoon were in charge of Dr. Drake, chairman of the school board, and as the forty-four young men and young ladies marched upon the platform, the scene was one of exceeding beauty and it compared favorably with any in years past. The following is the program of the afternoon:

| | |
|----------------------------------|-----------------------|
| Invocation | Rev. J. H. Allen |
| Chorus, "Over the Meadows Fair," | School |
| Salutatory Address | J. William Santary |
| Address | Prof. Edwin C. Bolles |
| Valedictory Address | Carl T. Humphrey |
| Chorus, "Festival Hymn" | School |
| Presentation of diplomas | |
| Class Ode | Class |
| Benediction | Rev. J. H. Allen |

The address of Prof. Edwin C. Bolles on the "Resources of Education" was full of valuable thoughts and suggestions and should be a help to the graduates as well as to the teachers and others.

T. William Santary acquitted himself with honor in his salutatory address and was followed with much interest as people picked up the bright suggestions.

The Valedictory address by Carl T. Humphrey, will take front rank among such productions not only for its composition but for its masterly delivery.

The singing under the direction of A. J. Sidelinger, was a good feature of the afternoon and the school has some fine soloists and a strong chorus.

A large number of scholars and friends tarried in the building during the interval between the afternoon and evening exercises, and refreshments by Bates & Humphrey were enjoyed.

EVENING.

In the evening occurred the final number in the high school life of the members of the class of '01, the class reception. This was perhaps the prettiest and most pleasing part of the day's exercises, even if not the most important.

The spacious audience room was again filled and no similar event of the past has been followed with more interest even to the brilliant ball which was the final event of the day.

We might elaborate on decorations and costumes but simply say the class showed good taste in adopting the Dartmouth colors, green and gold, as they presented a charming appearance and the many young ladies had more than a fairy appearance in their graduating costumes.

The class were fortunate in having a quartette from their own number, Addie M. McQuinn, Bessie L. Raymond, Theresa L. Donovan and Evelyn L. Blanchard, who rendered "Schubert's Serenade" very finely, and also one who is fast becoming master of the violin, F. Stuart Mason, whose solo was a pleasant feature of the program. The class history given by Miss McGrory was interesting, as reminiscences always are, and it will be of interest in years to come to find how well the prophecies of Mr. Burrell and Miss McEnroe are being fulfilled. After singing the class ode a reception and dance followed and thus closed the exercises of the day, and it only remains to be seen how well their graduation from "School Life" has fitted this class for their entrance into "Life's School."

CLASS ODE.

Words by N. Atherton Richards. Music by J. Carroll.

We're gathered here to say farewell
 Ere on life's many ways we part;
 Fond thoughts of this eventful day
 Will always cling in ev'ry heart.
 Our school-days here we now have ended;
 The years when guiding hands have led
 No more are youth's gay pleasures ours;
 The happiest time of life has fled.

CHORUS.

As now we enter on life's struggles,
 With God alone to guide us right,
 Let not our strength or courage falter,
 But strive for vict'ry in the fight.

As now we look into the future,
 Our hearts are filled with joy and hope,
 'Though in the coming year we falter,
 And helpless and unguided grope.
 Yet in the years which are before us,
 We ne'er from right can wander far,
 If ever by youth's bright ambitions
 We're led, as by a guiding star.

CHORUS.

The following is the list of graduates :

HONOR LIST.

"John Burns of Gettysbury" Alta Shaw

"The Stripes and The Stars" Elizalleth Lynch

CLASS POEM.

We are the class of nineteen hundre and e,
We're made up of honesty, wisdom and n.
In the web of our lives the fi read is spun,
But soon o'er it quickly the short years will run.
We'll try for the highest, and each thread we spin
Shall be tied with the motto, "To work and to win."

If we **work** with a will we'll soon win our way
 From lower positions to higher each day;
 But if we **stop** working we surely will **stay**
 In our same old positions until we grow gray.
 We'll conquer temptation, all weakness and sin,
 And this be our motto, "To work and to win."

ALTA SHAW.
